

CITY OF SAINT ANTHONY VILLAGE
WORKSESSION AGENDA
Thursday, March 30, 2023 at 6:00PM

Members of the public who wish to attend the meeting may do so in person.

1. Minutes
2. Worksession Topics
 - A. Climate Action Plan
Bridget Rathsack & Amy Fredregill, WSB Engineering Consulting, presenting.

Documents:

[PRESENTATION.PDF](#)

3. Future Worksession Dates, Times And Agenda Items
4. Adjournment

If you would like to request special accommodations or alternative formats, please contact the City Clerk at 612-782-3313 or email city@savmn.com. People who are deaf or hard of hearing can contact us by using 711 Relay.

Our Mission is to be a progressive and welcoming Village that is walkable, sustainable and safe.

St Anthony Village Climate & Sustainability Planning Discussion

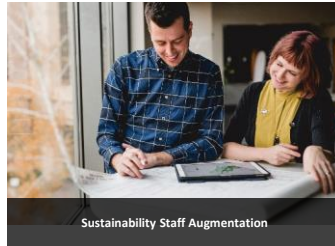

City Council &
Parks and Environmental Commission
March 30, 2023

Introductions for Project Kick-off

- City Council
- Parks and Environmental Commission
- City Staff
- WSB Team

Sampling of Sustainability & Climate-related Projects

3

St. Anthony Village Definitions

- From [Susty page](#) on SAV website: “Put simply, sustainability is the ability to be sustained or upheld. Ecological sustainability comprises of a diverse and productive ecosystem designed for long-term success. Similarly, the diverse skills and interests of the community ensure the enjoyment of our natural resources now and in the future.”
- In [SAV Sustainability Plan](#) “meeting the needs of the current generation without compromising the ability of future generations to meet their own needs.”

4

Historical Climate & Sustainability-related City Milestones

- 2011 Joined GreenSteps program
- [2012 Susty Plan](#) with 2030 Vision written by U of M students
- Regional Indicators Initiative participant, [2013 data](#)
- 2016 2nd City ever to receive Sustainable City Award
- 2017 achieved Step 5 GreenSteps
- 2023 Climate Plan in strategic goals for City

5

Scaling Similar Efforts

More Comparable

- Mahtomedi Sustainability Plan (5 years)
 - Comprehensive chapters
 - *** This was a 3-year effort leading to 75 pages
- Red Wing Climate Action Plan (5 years)

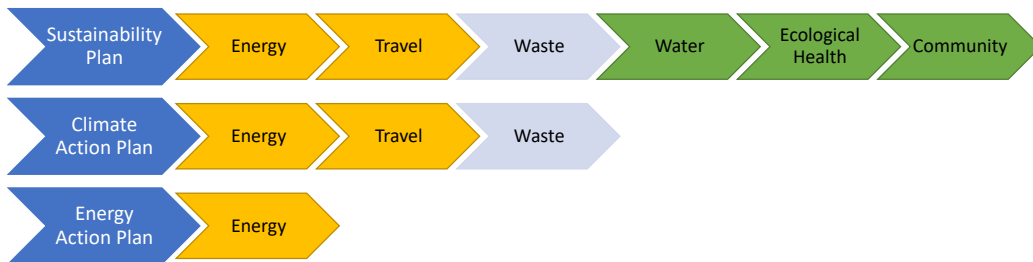

Less Comparable

- Edina Climate Action Plan (9 years, 145 pages)
- Annual Sustainability Workplan (Red Wing or Champlin)

6

Range of Options to Consider

- Framing: Sustainability, Climate, Energy
- Timescale
- Depth of actions and tactics

7

Plan Frameworks Across Communities

| Mahtomedi Sustainability Plan | Edina Climate Action Plan | Burnsville Sustainability Plan |
|--|---|--|
| <ul style="list-style-type: none"> • Energy • Travel • Waste • Water • Ecological Health • Community | <ul style="list-style-type: none"> • Buildings and Energy • Transportation and Land Use • Waste Management • Water and Wastewater • Greenspace and Trees • Climate Health and Safety • Local Food and Agriculture • Climate Economy | <ul style="list-style-type: none"> • Buildings and Energy • Renewable Energy • Fleet, Equipment & Transportation • Solid Waste • Water • Land Use & Ground Cover • Community Health • Local Food |

8

Anticipated Timeline

- March – Parks and Environment Commission/City Council discussion regarding scope of Plan
- April – Gather data on existing conditions
- May – Greenhouse gas inventory through Regional Indicators Initiative
- June – Discuss goals with Commission based on data gathered
- July – Seek public input such as through a survey or Open House
- August – Draft the plan based on data, input and discussions
- September – Share draft with Council and Commission
- October – Modify draft plan based on feedback from leaders
- November to December – Commission recommends City Council adopts Plan

9

Anticipated Overview of Climate Plan

1. Vision and Mission.
2. Existing Condition Analysis.
3. Greenhouse Gas Inventory.
4. Climate/greenhouse gas goals with timelines for goal completion.
5. A menu of strategies and tactics to achieve goals.

Proposed Project Approach

Develop a multi-pronged Climate Plan including:

- Analysis of existing conditions
- Analysis of current GHG emissions
- Engagement of key stakeholders to narrow down goals
- Strategies and tactics to achieve goals

10

Suggested Discussion Guidelines

- Step back, step forward
- Make sure everyone has time to share their views
- One speaker at a time
- What else would help us have a productive conversation to advance City goals?

Levers for Advancing Sustainability and Climate Planning Objectives – Example Template

Objectives:
 1.
 2.
 3.

| Category | Goal | Comp Plan Alignment | Council Strategic Plan Alignment | Who leads? <i>Staff/Dept, community, Commission, Council, public, etc.</i> | Who needs to be engaged? | Where do we need to build capacity? <i>What is needed?</i> | Progress Report (metrics needed, etc.) |
|---------------------|------|---------------------|----------------------------------|---|--------------------------|--|--|
| <i>(Ex: Energy)</i> | | | | | | | |
| | | | | | | | |
| | | | | | | | |

Discussion

- Initial feedback?
- What might success look like in this plan?
- Plan Horizon Timeframe – 3, 5, 10 years?
- Scope categories?
- City role and objectives– education, incentives, regulatory, etc.?
- Engagement preferences: Survey, events, newsletters, etc.? How do you want to participate?
- Is there anything else that would make this effort a success?
- Any other guidance to be mindful of – roles, content, process and check-ins with Council, engagement, timeline, etc.?

13

Thank you!

Bridget Rathsack & Amy Fredregill

14

How does this fit in with multi year efforts and what can it lead to?

Plan which sets the goals and strategies

Implement the Plan

Implementation can include

- Energy Action Plan

- Forestry Plan

- Bike and Ped Planning/Complete Streets

- Community events and engagement

- Additional GreenStep Cities Progress
