Monday, July 1, 2019, Saint Anthony, MN – The City of Saint Anthony received an award for once again achieving Step 4 & 5 recognition in the Minnesota GreenStep Cities program at the League of Minnesota Cities annual conference on June 27th.

“This recognition shows community members and other cities across Minnesota that the City of Saint Anthony is taking great steps in the direction of energy and resource conservation and innovation,” shared Jay Hartman, Public Works Director and GreenStep program lead with Saint Anthony.

Accepting GreenStep Cities award at League of Minnesota Cities conference

Minnesota GreenStep Cities is a challenge, assistance, and recognition program. As one of 127 participating cities and tribal nations, the City of Saint Anthony is helping to lead the way in sustainability across the state of Minnesota. The City of Saint Anthony has worked hard to implement best practices in order to fulfill their sustainability goals. Actions that are taken within the program focus on cost savings, energy use reduction, resource conservation, and the encouragement of civic innovation. You can learn more about Saint Anthony's efforts at <http://mngreenstep.org>.

"This award is a great achievement for Saint Anthony," said Mayor Jerry Faust of Saint Anthony. "And by being part of the program, Saint Anthony and our peers are helping to make Minnesota more resilient for the future while also helping our cities thrive economically."

About GreenStep Cities: Minnesota GreenStep Cities is a voluntary challenge, assistance, and recognition program to help cities achieve their sustainability and quality-of-life goals. This free continuous improvement program is based upon 29 best practices that are tailored to Minnesota cities, focus on cost savings and energy use reduction, and encourage civic innovation.
