List specific examples of this employee's performance that warrants recognition:

Beth does not sit still. She is one that prefers to be busy. Take a look at the newly organized supply room. Beth was also involved in setting up the new soft interview room for crime victims. She will always help no matter how large or small the task is. She is always willing to offer her assistance. I feel Beth promotes "team work" and truly enjoys the team she works with.

List examples of how this employee embodies the characteristics of the Spirit of St. Anthony Award:

Beth possesses a can do and will do nature.

Beth shows the utmost respect for those she comes in contact with, inside and outside the department. She shows great respect for those that come to the Police Department window for assistance.

Beth interacts well with those in her department and with those in other departments. She is extremely well liked by her peers and she is a good representative of the St. Anthony Police Department.

It is my honor to nominate Beth Denzer for the 2020 St. Anthony SPIRIT award.
