Planning

In order for the Mayor and Council members to have a better understanding of your background and interests, please provide the following information.

Why do you want to serve on a St. Anthony Village Commission?*

I have both a personal and professional interest in the development of our community. Professionally, as an Architect, I understand first hand planning and land use in creating livable communities. As a resident living in SAV, I am interested in our environment, how we exist in it, individually and together as a greater community, and what we can do to make it better in the future. I would be excited for the opportunity to participate on the Planning Commission.

Please list your prior experience serving on a Board, Commission, etc.*

My experience with City Councils, Planning Commissions and Architectural Review Boards has been on the other side as a representative for Clients. The projects I've worked on are varied, ie. single family variances, rezoning for multi-family and commercial uses, architectural and historical design review, etc. What this experience has given me is an knowledge of city code, ordinances, comprehensive plans, etc., what they are and how they work. Even though I have not served on a board (yet), I think my professional experience along with my personal interest would be an asset to the Planning Commission.
