Please select which commission you are applying for.*

Parks & Environmental

In order for the Mayor and Council members to have a better understanding of your background and interests, please provide the following information.**Why do you want to serve on a St. Anthony Village Commission?***

To whom it may concern,
I am very eager to in join the Parks & Environmental commission for a number of reasons but first and foremost is to actively serve the community in which I live. I find purpose in serving others and the opportunity to contribute to the City of St. Anthony Village Parks & Environmental commission is a great step towards fulfilling my vocation.
My interest in community planning, local land use, and government processes also draws me towards this opportunity. I care deeply about environmental issues and land use in my daily interactions with my family, neighbors, and local business owners. The opportunity to continue advocacy for green spaces and environmental sustainability throughout our city in a more formal role is of great importance.
Being an active participant in the decision-making process is another reason I am eager to join the commission. I will work to bring diverse thought and having voices from different backgrounds given representation in the conversation.
Thank you for your consideration.

Please list your prior experience serving on a Board, Commission, etc.*
