9

10 Councilmember Randle asked about the City contract for services is \$23,711 with cost of
11 services provided of \$1,630. He stated this doesn't appear much bang for our buck. He asked
12 what the overall need is in St. Anthony. Ms. Jebens-Singh stated unfortunately one in five of
13 youth are living with mental health needs. The community members needs to be made aware of
14 NYFS and its services. It's a regional issue and people don't live, work, go to school, recreate or
15 get in trouble within their own zip code.
16

17 Councilmember Webster thanked Ms. Jebens-Singh for her leadership at NYFS. She is grateful
18 for the partnership with the police department and the City of St. Anthony. She thanked her for
19 caring for both ends of the age spectrum in the community.
20

21 Councilmember Walker asked about the partnership with the police department and asked if the
22 referrals are residents of St. Anthony or anyone that the police refers to NYFS. Ms. Jebens-Singh
23 stated the report shows numbers regarding St. Anthony residents. They are responsive by a
24 regional approach.
25

26 Councilmember Jenson stated it was a great presentation. He asked when St. Anthony makes
27 requests does NYFS have enough capacity to service all requests. Ms. Jebens-Singh stated they
28 do have the capacity for some greater referrals to the Community Advocate. There is great
29 communication between NYFS and public safety. The program can only get bigger.
30

31 Mayor Stille thanked Ms. Jebens-Singh for her presentation. He asked what can be done to get
32 the word out. He asked Ms. Jebens-Singh for her suggestions for advertising. Ms. Jebens-Singh
33 stated St. Anthony assisted NYFS to have a greater online presence. She would like to continue
34 to build those community connections and be able to promote the work they do via social media,
35 newsletters, etc. Mayor Stille encouraged the Councilmembers to keep this at the forefront. The
36 agreement with NYFS will be approved on the consent agenda. Mayor Stille believes this is
37 money well spent. Mayor Stille wished Ms. Jebens-Singh well in her future endeavors. Ms.
38 Jebens-Singh suggested St. Anthony be represented on NYFS board of directors or act as a link

15 Final Plan as “St. Anthony Bremer Addition” Creating One Development Parcel and
16 Right of Way Dedication, Subject to the Regulations of the Interstate – Bremer PUD at
17 2564 Kenzie Terrace.

18
19 City Planner Steve Gritman reviewed the project consists of a plat of the development parcel for
20 the Bremer Bank project from two parcels into a single lot and dedication of right of way. The
21 Plat, if approved, would create Lot 1, Block 1, of the St. Anthony Bremer Addition. The plat is a
22 requirement of the Final PUD approvals granted to the Interstate/Bremer Planned Unit
23 Development project which will accommodate the construction of the new Bremer Bank on the
24 City’s former “bowling alley” property.

25
26 The Planning Commission reviewed the proposed plat at its regular November meeting and
27 conducted a public hearing. There were no outside public comments. The Commission discussed
28 the item, and staff noted that the plat was a component of the prior Planned Unit Development
29 approval for the construction of the Bremer Bank facility. The plat creates the parcel on which
30 the project will be built, while the PUD controls the design and development details.

31
32 Staff has reviewed the project for land use compliance with the intent and policies of the City’s
33 Comprehensive Plan, and for zoning consistency with the Interstate-Bremer PUD as a baseline.
34 In summary, the proposed subdivision is consistent with the terms and requirements of the
35 approved Final PUD, adopted by the City Council in October of 2021. One of the final aspects of
36 bringing the plat forward to the City Council was completion of the development agreement and
37 land swap documents. Those materials are completed, and ready for consideration by the City
38 Council concurrent with consideration of the plat.

39
40 Mr. Gritman shared drawings of the Preliminary and Final Plat. The Preliminary/Final Plat and
41 Development Agreement recommended conditions are as follows:

- 42
43 • Access and utility easements shall be in place to accommodate the requirements of the
44 approved PUD development plans. Proof of such easements shall be provided to the City as a
45 part of the original or amended documentation.

- 1 • Ongoing site development issues shall be subject to comment and recommendation by the
- 2 City Engineer and may be modified to ensure consistency with the intent and requirements of
- 3 the PUD zoning.
- 4 • Issues related to grading, drainage and utilities shall be subject to comment and
- 5 recommendation by the City Engineer.
