

# Village Notes

*Our mission is to be a progressive and livable community, a walkable village, which is sustainable, safe and secure.*

## Inside this edition:

2012 Election Information,  
2012 Villagefest Schedule,  
2011 Water Quality Report,  
Salo Park Entertainment Series

### *Note from the Mayor*

St. Anthony is a progressive and forward thinking city and we are constantly motivated to provide services in a cost effective manner. One of our goals is to review our organizational structures.

To that end, I am amazed at the inquisitiveness of young children and how they view things without any preconceived notions. We look at city functions and ask why or how; can it be done better? And with that approach we garner a different observation of the issues and it can be enlightening.

I would hypothesize that inquisitiveness is more important than initiative. We show initiative by being the first at doing something without prodding; however, if it is not the best way to accomplish the task then we are just reinforcing less productive practices. This is nothing new; it is just more evident as the world changes in jobs, aptitudes and relationships.

After we scrutinize our effort and improve the process, we add value not just to our organizations but to ourselves. Also, when you think of that in the context of a personal dynamic, think of how relevant and fresh one can be rather than just going through the motions of exertion and watching the clock.

Validation is the result of a well thought-out inquisitive action. We can either change the processes' outcome or affirm that we are doing it the best way at this time. At this time does not mean one and done, it requires constant vigilance and periodic re-examination.

It is easiest not to challenge ourselves; nevertheless, we must continually press ourselves in development. We are either moving forward or backwards. Not moving is stagnant and being relegated to the status quo. And yet, we all know change is constant and relentless. We either choose to be part of it or be circumvented.

Experiencing a change is difficult. I recently had two associates change positions between organizations and I felt a loss. Yet, I wanted to be comfortable and not transform, knowing that I would have to deal with someone different. The feeling was mine and mine alone as it was clearly in the best interest of my friends to maximize their capacity and organizational contributions rather than make me comfortable.

So I choose to continually ask the questions – why and how – and allow the results to validate or change the process for the better.

In St. Anthony, we will continue to strive to achieve the best possible outcomes for the community – not just for today, but for the long term preservation of our superb city.

I commend all the residents who work toward that goal, along with the city staff and council. It takes a village to make a progressive, sustainable community!

My best regards,  
Jerry Faust

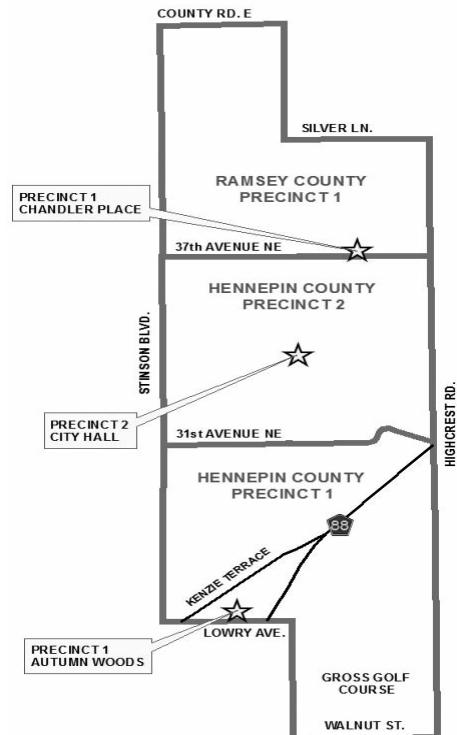

## ELECTION INFORMATION

**PRIMARY ELECTION - TUESDAY, AUGUST 14th**  
**POLLS OPEN AT 7 AM UNTIL 8 PM**

**Ramsey County, Precinct 1**  
Chandler Place, 3701 Chandler Drive

**Hennepin County, Precinct 2**  
St. Anthony City Hall, 3301 Silver Lake Road

**Hennepin County, Precinct 1**  
Autumn Woods, 2600 Kenzie Terrace

## VOTER ELIGIBILITY

You may register to vote in Minnesota if you:

- \* Will be at least 18 years old on Election Day and a citizen of the United States;
- \* Will have resided in Minnesota for 20 days immediately preceding Election Day, and maintain residence at the address given on the registration form;
- \* Have any felony conviction record discharged, expired, or completed;
- \* Are not under court-ordered guardianship where a court has revoked your voting rights; and
- \* Have not been ruled legally incompetent by a court of law.

Vehicles (DMV) office or bring along a utility bill due up to 30 days before or after election day that shows your name and current address in the precinct.

Utility bills include gas, electric, water, cable television, telephone, cell phone, solid waste, and sewer bills. You may also bring a registered voter from your voting precinct to vouch for you.

## ABSENTEE VOTING

Residents who cannot vote in person during the election may vote by absentee ballot. Absentee ballot applications are available on our website, St. Anthony City Hall, or call 612-782-3313 to request one. Complete the application and return it to us as soon as possible so that we have plenty of time to mail the ballot to you. Absentee voting for the Primary Election will also be taking place at St. Anthony City Hall during office hours, Monday - Thursday 7:00 am to 4:30 pm and Friday 8:00 am to noon. Extended absentee voting hours for the Primary Election will be available on Saturday, August 11, from 10:00 am to 3:00 pm and on Monday August 13, from 7:00 am to 5:00 pm.

If you have any questions regarding the upcoming Primary Election, please call 612-782-3313.

## REGISTERING TO VOTE

Unregistered residents are encouraged to pre-register to vote. Pre-registration must be completed at least 20 days prior to an election. Voter's registration applications are available on our website or at St. Anthony City Hall, 3301 Silver Lake Road. If you wait until election day to register, be sure to bring proper identification. Voters must provide a picture ID (a Minnesota driver's license or ID card) that shows their current address. If you have recently moved and your address has not been changed on your identification, you must correct it at a Department of Motor

# St. Anthony Village Fest

## FRIDAY & SATURDAY, JULY 27 & 28

7 pm - ST. ANTHONY COMMUNITY THEATER PRODUCTION OF ANNIE  
SAVHS Auditorium -  
Adults \$10.00 - Students/Seniors \$8.00

## SUNDAY, JULY 29

2 pm - ST. ANTHONY COMMUNITY THEATER PRODUCTION OF ANNIE

## MONDAY, JULY 30 & TUESDAY, AUGUST 1 COMMUNITY SERVICE PROJECT

### *It Takes a Village: Feed My Starving Children*

Please contact Mr. Dave Odde, 612-245-1295, [oddex002@umn.edu](mailto:oddex002@umn.edu) for more information OR go to: <http://www.fundraising.fmsc.org/faf/home/default.asp?ievent=1008560>

The event will take place at St. Anthony Village High School and will have afternoon and evening shifts available. Each shift can handle 100 - 125 people so ask all your friends, ask your family, ask your church group if they would like to participate in this worthy cause.

If you have any questions or would like to sign up a team, call or email Mr. Odde to get more detailed information. Thank you to all who participate.

## FRIDAY, AUGUST 3

11 am - Golf Tournament Registration  
Noon - **GOLF TOURNAMENT at Francis Gross Golf Course** - dinner after the tournament at 5 pm at Central Park. *Sponsored by the St. Anthony Chamber of Commerce.* Pre-registration is required. Contact Luke Juhl at 651-403-3189 to reserve our spot today.  
7 pm - **PARADE**- St. Charles Borromeo to St. Anthony Shopping Center via picturesque St. Anthony Blvd. Rain or Shine event

*The St. Anthony Lions will be collecting non-perishable food items for the North East Food Shelf. Diapers, toiletries, paper products are also requested.*

## STREET DANCE & CELEBRATION featuring **Headpressure**, St. Anthony Shopping Center

Inflatables, EuroBungie, Climbing Wall, Beer Tent, Food Booths, Coloring Contest. *Sponsored by Tea Source.*

## 9 pm - **Bocceball tournament**-

*Sponsored by The Village Pub.*  
Contact The Pub for details at 612-788-9680.

## SATURDAY, AUGUST 4

*(All Saturday events at Central Park, unless otherwise noted)*

8 am - **5K RUN** -starts at St. Anthony Shopping Center and **1K FUN RUN** for Beginners also at St. Anthony Shopping Center. *Sponsored by Fitness Crossroads.* Call (612) 788-1100 to pre-register.  
10 am - **Adult Co-Ed Kickball Tournament** - Central Park. Contact Jim Webb at 612-916-6955 with questions.  
11 am - Carnival Games and Food Booths open.  
11 am - **SILENT AUCTION**  
BIDS CLOSE PROMPTLY at 4:00 pm  
11 am **Children's Games** -  
to 2 pm *Sponsored by Band Boosters.*  
Noon - BEER TENT OPENS  
Noon - **Children's art activities** -  
to 2 pm *Sponsored by Jack and Jill.*  
Noon - **"The Pulse"** Kids Show  
Noon - **Petting Zoo** -  
to 3 pm *Sponsored by St. Anthony Lion's Club*  
Noon - 4 pm - Vendor/Craft Fair  
1 pm - **BINGO** - Central Park Pavillion -  
to 4 pm 25 cents per card - Cash Prizes!!!  
2 pm - **Dodgeball Tournament**-Middle School/High School -Tennis Courts. *Sponsored by Applebees.*  
2 pm - **"Umbrella Bed"** playing on Main stage.  
4 pm - **K9 Unit Demonstration** -  
Hennepin County Sheriff's Department  
4:30 **Papa John & the Cool Club of East Lake**  
to 7 pm Performing in the tent.  
7 pm - ST. ANTHONY COMMUNITY THEATER PRODUCTION OF ANNIE  
SAVHS Auditorium  
Adults \$10.00 Students/Seniors \$8.00

7:30 pm - 11 pm **Blazing Saddles** playing on Main stage

*Fireworks will be set off around 9:45 pm*

## SUNDAY, AUGUST 5

8 am-12:30 pm **KIWANIS PANCAKE BREAKFAST**  
St. Anthony Community Center  
\$6.00 adults/\$4.00 children

# MISSISSIPPI WATERSHED MANAGEMENT ORGANIZATION STEWARDSHIP FUND PROGRAM GRANTS AVAILABLE FOR WATER QUALITY PROJECTS

Pass It On!

\$250,000 is available annually

Mini Grants up to \$2,000 – Applications due June 1, October 1, and February 1

Planning Grants up to \$10,000 – Applications due February 1

Action Grants up to \$50,000 – Applications due October 1

Who can apply

Nonprofit organizations, officially recognized neighborhood groups, schools, local units of government, and business and professional associations

**MISSISSIPPI  
WATERSHED  
MANAGEMENT  
ORGANIZATION**

For more information, contact the MWMO Grants Specialist

612-465-8780 ext 206 or [www.mwmo.org/stewardshipfund.html](http://www.mwmo.org/stewardshipfund.html)

## BRANCH CHIPPING

The City of St. Anthony will be doing curbside branch chipping for residents August 20-22. If you wish to have your branches chipped, either complete the form to the left and return it to city hall or go to [www.ci.saint-anthony.mn.us](http://www.ci.saint-anthony.mn.us) and complete the branch chipping form. Branches must be left at the curb. Maximum branch diameter is 8". Tree stumps are not accepted and don't bundle branches with wire. For more information call 612-782-3301.

### 2012 ST. ANTHONY BRANCH CHIPPING PROGRAM

NAME: \_\_\_\_\_

ADDRESS: \_\_\_\_\_

PHONE NO. \_\_\_\_\_

*I hereby request that branches be chipped by the City of St. Anthony at the above address between August 20-22. I understand that I will be charged \$15 plus applicable sales tax for each 10 minutes of chipping and that I will be billed on my October 2012 water/sewer bill. Branches must be at the curb.*

*signature*

DATE: \_\_\_\_\_

## Household Hazardous Waste for Ramsey County

July - Arden Hills, 1352 Ben Franklin Dr, Arden Hills, 55112  
August - St. Paul, 848 Pleasant Ave, St. Paul, 55102  
September State Fairgrounds - 1616 Como Ave, St. Paul, 55108

These sites are open:  
Friday 10:00 am to 6:00 pm and Saturday 9:00 am to 4:00 pm

Examples of items accepted:

### Home Improvement

Paint, thinners, solvents, adhesives, sealants, wood preservatives & stains, lead paint chips, aerosol cans.

### Automotive Products

Used oil & filters, brake fluid, gasoline, antifreeze, auto batteries, (keep all automotive fluids separate).

### Items with Mercury

Thermometers, fluorescent lights, CFL's, switches, thermostats, and vapor lamps.

### Cleaning Products,

Drain openers, oven cleaner, bathroom cleaner and rust remover.

### Recreational Products

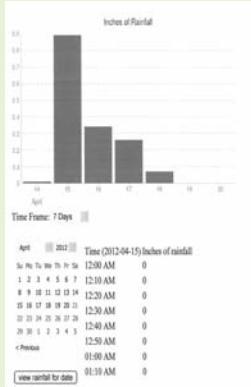

Rechargeable batteries, button batteries, lithium batteries, propane tanks, pool chemicals, gas cylinders.

### Lawn & Garden Chemicals

Weed killer, insecticides and pesticides.

If you have any questions regarding these items, call 651-633-EASY (3279).

## RAINFALL TOTALS IN ST. ANTHONY

On St. Anthony's homepage of the website, there is a link on the left hand side: St. Anthony's precipitation. This link directs you to the rain gauge for the City. This sophisticated rain gauge registers rain fall every 10 minutes of the day and the total for each day.

This rain gauge has been made available to the City of St. Anthony through the Mississippi Watershed Management Organization (MWMO). If you have additional questions, please contact Kim Oquist, MWMO at 612-465-8780 ext. 204.

## Become a Member of the St. Anthony Sister City Association

Since 1985, the City of St. Anthony has enjoyed a sister city relationship with the City of Salo, Finland, which is located on the south-western tip of Finland. The late Robert Sundland, Mayor of St. Anthony Village from 1982-1990, did much of the groundwork with Sister Cities International to find an appropriate city match for St. Anthony. The City of St. Anthony invited Salo, Finland to become its Sister City on April 23, 1985. The St. Anthony Sister City Association was incorporated in 1998.

### *What is a Sister City?*

It is a special relationship between two cities of different countries.

### *Why does St. Anthony have a Sister City?*

- It encourages exchanges of ideas, activities and cultures.
- It opens new international avenues of communication and understanding
- It helps broaden our outlook to become better citizens of an ever smaller world.

### **Sister City Program**

#### *How can I become involved with the St. Anthony Sister City Association?*

To become involved, contact the St. Anthony City Offices at (612) 782-3301.

ST. ANTHONY'S CALENDAR OF EVENTS	July	4 Holiday - Independence Day 10 City Council Meeting 17 Planning Commission Mtg 23 Joint Mtg with School Board 24 City Council Meeting

**8/16 BlueStratum**

(Folk, Blues, Popular Tune & Old Favorites)

*All booking are subject to change.  
Weather permitting.*

# Saint Anthony Village

## Water Quality Report 2011

The City of Saint Anthony Village is issuing the results of monitoring done on its drinking water for the period from January 1 to December 31, 2011. The purpose of this report is to advance consumers' understanding of drinking water and heighten awareness of the need to protect precious water resources.

**We are committed to providing you with high quality drinking water.**

St. Anthony's drinking water comes from two wells that draw water from the Jordan Aquifer. The wells are 541 and 472 feet deep.

The Minnesota Department of Health has determined that the sources used to supply your drinking water are not particularly susceptible to contamination. If you wish to obtain the entire source water assessment regarding your drinking water, please call 651-201-4700 or 1-800-818-9318 (and press 5) during normal business hours. Also, you can view it online at: [www.health.state.mn.us/divs/eh/water/swp/swa](http://www.health.state.mn.us/divs/eh/water/swp/swa)

For questions about Saint Anthony drinking water and information about opportunities for public participation in decisions that may affect the quality of water, please contact Jay Hartman of the City of St. Anthony Utilities at 612-782-3314.

### Drinking Water Regulations

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity.

In order to ensure that tap water is safe to drink, the EPA prescribes regulations which limit the amount of certain contaminants in water provided by public water systems. Food and Drug Administration regulations establish limits for contaminants in bottled water, which must provide the same protection for public health.

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the EPA's safe Drinking Water Hotline (1-800-426-4791).

Water samples from the wells, the treatment plant, and from faucets throughout the community are tested to screen for contaminants so that harmful levels won't reach residents. Contaminants existing in the environment are divided into five basic testing groups and include:

**Microbial contaminants**, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.

**Inorganic contaminants**, such as salts and metals, can occur naturally or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.

**Pesticides and herbicides** may come from sources such as agriculture, urban stormwater runoff, and residential uses.

**Organic chemical contaminants**, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production and can also come from gas stations, urban stormwater runoff, and septic systems.

**Radioactive contaminants**, which can be naturally occurring or be the result of oil and gas production and mining activities.

The table listed on the next page shows substances that were detected in St. Anthony's drinking water during lab testing from January 1 to December 31, 2011.

**No substances were detected at levels that exceed EPA or State guidelines.**

### Special Health Information

*Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline at (1-800-426-4791).*

# Water Quality Table St. Anthony Drinking Water

Contaminant Date Tested unit	MCLG	MCL	Range of Detections	Level Found	Typical Source of Contaminant
Fluoride 2011 ppm	4	4	0.98-1.1	1.38	State of Minnesota requires all municipal water systems to add fluoride to the drinking water to promote strong teeth; Erosion of natural deposits; Discharge from fertilizer and aluminum factories.
Total Trihalomethanes 2011 ppb	0	80	N/A	4.6	By-product of drinking water disinfection.
Chlorine 2011 ppm	4 (MRDLG)	4 (MRDL)	0.8-0.9 Lowest-Highest Monthly Avg.	0.85 Highest Quarterly Avg.	Water additive used to control microbes.
Copper 2010 ppm	1.3	1.3 (AL)	90% of sites = <1.08	0 of 20 sites = >1.3	Corrosion of household plumbing systems; Erosion of natural deposits.
Lead 2010 ppb	0	15 (AL)	90% of sites = <2.4	1 of 20 sites = >15	Corrosion of household plumbing systems; Erosion of natural deposits.
Sodium 2011 ppm	No EPA limit	No EPA limit	N/A	6.02	Erosion of natural deposits.
Sulfate 2011 ppm	No EPA limit	No EPA limit	N/A	20.2	Erosion of natural deposits.

## St Anthony Testing Results

No contaminants were detected at levels that violated federal drinking water standards. However some contaminants were detected in trace amounts that were within acceptable levels. The table above shows the contaminants that were detected in trace amounts last year. Some contaminants are sampled less frequently than once a year; as a result, not all contaminants were sampled for in 2011. These contaminants are listed in the table with the year they were last detected.

### Terms to Know

The **Level Found** can be the highest amount found or the average of all samples analyzed, depending on how the regulation for the particular substance is enforced. If it is an average, it may be calculated with results from last year.

Regulated substances have **Maximum Contaminant Levels (MCLs)** set by the EPA. This is the highest level of the substance legally allowed in drinking water.

Some contaminants also have **MCL goals (MCLGs)**. This is the level of a substance where there is no known or expected health risk. MCLGs allow for a margin of safety. MCLs are set as close to MCLGs as feasible using the best available water treatment processes.

Some contaminants do not have Maximum Contaminant Levels established for them. These unregulated contaminants are assessed using state standards known as health risk limits to determine if they pose a threat to human health. If unacceptable levels of an unregulated contaminant are found, the response is the same as if an MCL has been exceeded; the water system must inform its customers and take other corrective actions.

MRDL-Maximum Residual Disinfectant Level.

MRDLG-Maximum Residual Disinfectant Level Goal.

**AL-Action Level:** The concentration of a contaminant which, if exceeded, triggers treatment or other requirement which a water system must follow.

**90th Percentile Level-**This is the value obtained after disregarding 10 percent of the samples taken that had the highest levels. For example, in a situation in which 10 samples were taken, the 90th percentile level is determined by disregarding the highest result, which represents 10 percent of the samples. In situations in which only 5 samples are taken, the average of the two with the highest levels is taken to determine the 90th percentile level.

**ppm**-Parts per million, which can also be expressed as milligrams per liter (mg/l).

**ppb**-Parts per billion, which can also be expressed as micrograms per liter ( $\mu\text{g/l}$ ).

**N/A**-Not Applicable (does not apply).

### Lead in Drinking Water

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. The City of St Anthony is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing the tap for 30 seconds to 2 minutes before using water for drinking or cooking.

If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>

**DID YOU KNOW.....**The storage of refuse and recyclable collection items may not be kept in the front yard without approved screening or fencing. Once the trash has been picked up, please remember to remove your trash can and recycling bin from the curb and return them to the garage or some place out of site from the road. (Ord. 150.090)

**DID YOU KNOW.....**Parking in any residential district must be done on a surface paved with asphalt or bituminous material, concrete, cement, brick, or other paved surface. Parking vehicles on the grass is not allowed in the City of St. Anthony. (Ord. 152.179 subd. 3)

**DID YOU KNOW....**Any weeds or grasses, whether noxious as defined by law or not, growing outside the traveled portion of any city street or alley, or growing on private property, to a greater height than 6 inches or which have gone or are about to go to seed must be cut or removed by the owner of the property if the weeds are outside the right-of-way. (Ord. 94.32)

**DID YOU KNOW.....**Any vehicle without a current state registration must be parked in a garage or other building. If a vehicle has expired tabs, either renew them or move the vehicle into the garage. (Ord. 152.179 subd. 4)

**DID YOU KNOW.....**Travel trailers, campers, and other recreational vehicles may not be parked in any zoning district for use as a dwelling or for sleeping or house-keeping purposes. (Ord. 152.179 subd. 10)

**DID YOU KNOW.....**Before lighting a recreational fire, you must first call the St. Anthony Fire Department. You will receive a copy of the rules and review them with a member of the Fire Department. The Fire Department may prohibit any or all recreational fires when atmospheric conditions or local circumstances make such fires hazardous. Call 612-782-3400.

Please remember these ordinances have been put in place to keep St. Anthony clean, safe, and healthy. If you have a housing code question or would like to report a possible violation, contact Rick Lundein at 612-782-3438. For your convenience, the City Code is also available online at [www.ci.saint-anthony.mn.us](http://www.ci.saint-anthony.mn.us).

I'd like to announce the 2012 Villager of the Year and Outstanding Business award winners.

The Villager of the Year award was given to **Chris Gulacheck**. Chris Gulacheck was born and raised in St. Anthony Village. She and her husband Bernie have two sons, Alexander and Nicholas, who both attend St. Anthony Village High School. Chris has proudly served the community of St. Anthony Village for almost 20 years. Some examples of her service to the community include:

- Co-Chair - St. Anthony Village Band Boosters
- Chair and council member St. Anthony Community Services' Advisory Council
- Host Family and Coordinator of Activities and Gifts for 2011 Intl. Youth Summit
- Co-Advisor, St. Mary's Saints, St. Mary's Orthodox Cathedral
- Chair, Parent Focus Group, St. Anthony New Brighton Family Services Collaborative
- SAVHS (2009) and SAMS (2010) Principal Hiring Committee
- St. Anthony New Brighton Education Foundation, member and secretary
- Committee member St. Anthony Blueprint for a Bright Future
- President, Wilshire Park Parents Association

This woman is involved!

The Outstanding Business of the Year Award was presented to **Jean Rarick/Annona Gourmet**.

Annona Gourmet is located in the St. Anthony Shopping Center and owned and operated by Jean. Annona Gourmet is a unique and vibrant business offering an extensive variety of oils, vinegars and other intriguing products. Annona Gourmet is innovative because it is not only the first store of its kind in the Twin Cities; it is the first in the state of Minnesota.

Jean got involved with the community right after opening her business. She started off immediately getting involved with VillageFest. Jean coordinates and maintains the VillageFest website, recruits for the event, and opens her doors for each and every VillageFest planning meeting.

Jean is also deeply active in the Village Farmer's Market. She diligently assisted in getting the Farmer's Market set up and is President of the Village Farmer's Market Board.

Jean has taken on a leadership role within the St. Anthony Shopping Center community as an active communicator and promoter of joint advertising and community involvement from others.

Jean is promoting the Village Shopping Center to the local NE Minneapolis Art-A-Whirl participants to help fill empty spaces in the center with active artists.

Jean also participates in the newly organized "Ladies Night Out" for the shopping center, where the local businesses offer discounts and specials one night a month for the women in the area. She has been a constant contributor to the St. Anthony Village High School Senior Overnight, Autumn Woods, Fitness Crossroads, and Wilshire Park. Businesses like Annona Gourmet and business owners like Jean Rarick are vital to the St. Anthony Village community!

I'd also like to introduce you to the newest elected members of the Chamber Board - Bridget Ardoyno and Barb McIntyre.

Bridget Ardoyno owns and operates Full Circle Tax & Consulting which provides tax preparation, bookkeeping, and tax planning services. She hopes to expand the business by opening a retail space in St. Anthony. Bridget is married and has two children in the St. Anthony/New Brighton School District.

*continued on page 12*

# NIGHT to UNITE!

Neighbors Joining Together

Please join the St. Anthony Police Department, Minnesota Crime Prevention Association and communities throughout the State of Minnesota for **MN Night to Unite**. Night to Unite 2012 will take place on **Tuesday, August 7th, 2012**, and will celebrate and strengthen neighborhood and community partnerships. Night to Unite is sponsored by the Minnesota Crime Prevention Association, AAA of Minnesota/Iowa and local law enforcement communities.

Last year, residents hosted 41 neighborhood block parties in the city, most featuring food, fun activities and a brief crime prevention discussion. A Police Officer, Fire Department personnel and city staff made appearances at most gatherings to discuss home/neighborhood safety and allow children/families the opportunity to inspect emergency vehicles.

The St. Anthony Cub Foods Store (3930 Silver Lake Road) is again partnering with the Police Department in promoting Minnesota "Night to Unite" events. The Cub Foods Store is providing a 5 quart pail of Kemps vanilla ice cream to each resident who hosts a party on August 7th.

Residents who plan to host a block party on August 7th are asked to notify Sergeant Jon Mangseth by Monday, July 30th, by calling 612-782-3366 or e-mail at [jon.mangseth@ci.saint-anthony.mn.us](mailto:jon.mangseth@ci.saint-anthony.mn.us). Please leave your name, address, phone number, approximate number of people attending your party, time your party will begin and if you will need barricades.

The Police Department will deliver ice cream certificates prior to Night to Unite. (Note: to be able to accommodate requests for ice cream certificates, in a timely manner, only those who sign up prior to the July 30th deadline will receive certificates). The City Public Works Department will deliver street barricades, to the host address, for those interested in blocking off their street. Sgt. Mangseth will notify the City staff to reference barricade needs.

## CALL 9-1-1

*If you see any suspicious activity happening.*

POLICE - 612-782-3350 (during business hours)

POLICE AFTER HOURS - 763-525-6220

FIRE - 612-782-3400 (non-emergency)

## St. Anthony Police Department Citizen Academy

The St. Anthony Police Department will be hosting a Citizen Police Academy on Thursday evenings from 6:30 pm to 10:00 pm starting **Thursday September 6, 2012**, and ending **October 25, 2012**.

This program is designed to educate community members about the inner workings of a police department. This 8-week course will cover such topics as: Patrol Procedures, Property & Personal Crimes, Criminal Procedures, DWI / DRE, The Use Of Force, Defensive Tactics, Introduction to Firearms, Simunition Shoot, DARE, Crime Prevention, McGruff Houses and the Police Reserve Unit.

The Citizen Police Academy is free of charge. Participants must be at least 21 years-old and either work or reside in St. Anthony, Falcon Heights or Lauderdale. Applicants must also submit to a background investigation and sign a waiver. For more information or to request an application, please contact Officer Tressa Sunde at 612-782-3371 or via email at [Tressa.Sunde@ci.saint-anthony.mn.us](mailto:Tressa.Sunde@ci.saint-anthony.mn.us)

## WHICH FIRE EXTINGUISHER IS RIGHT FOR YOUR HOME

Based on your home size, and the number of potential fire hazards, you should consider having one or more working extinguishers. You should also choose the extinguisher type that best fits your needs.

### GENERALLY, THERE ARE THREE COMMON CLASSES OF HOME FIRE EXTINGUISHERS:

**CLASS A** - These are for wood and paper fires. This class cools material below its ignition temperature-and soaks fibers to prevent re-ignition.

**CLASS B** - These extinguishers suppress flammable-liquid and grease fires. They work by removing oxygen from the area sprayed and preventing vapors from reaching the ignition source. Chemical reactions that remove oxygen suffocate a fire.

**CLASS C** - These models are for electrical fires. They use an extinguishing agent that is not capable of conducting electricity.

**MULTI-CLASS** - These chemical extinguishers can be used on different types of fires and are labeled with more than one letter - A-B, B-C or A-B-C. (Note: Most multi-class extinguishers contain a corrosive agent that should be cleaned up immediately after use to prevent damage to sprayed surfaces).

### FIRE EXTINGUISHER CHART

GREEN	<b>A</b>  Common Combustibles	Wood, Paper, Cloth, Etc.
RED	<b>B</b>  Flammable Liquids & Gases	Gasoline, Propane other Solvents
BLUE	<b>C</b>  Live Electrical Equipment	Computers, Fax Machines, Etc.
YELLOW	<b>D</b>  Combustible Metals	Magnesium, Lithium, Titanium
BLACK	<b>K</b>  Cooking Media	Oils, Lards, Fats

#### P.A.S.S.:

- Pull the pin at the fire extinguisher top.
- Aim at the base of the fire.
- Squeeze the handle/lever to discharge.  
(Stand back 6 to 8 feet from the flame.)
- Sweep the spray back and forth at the base or source of the fire

Home fire extinguishers, along with maintained smoke detectors, are important components of your home's fire defense system. Make certain all are working properly and maintained according to manufacturers' instructions.

If you have any other questions regarding fire extinguishers, please contact the fire department at 612-782-3400.

Barbara McIntyre owns TC WebTech in Northeast Minneapolis. TC WebTech is a website development, graphic design and online communications consulting business operating since 1997. Barb grew up in St. Anthony, has two daughters that graduated from St. Anthony Village High School and has been actively involved in the community as a parent and volunteer for 23 years. A warm welcome to Bridget and Barb!

The Chamber is busy with preparations for one of our major events – the Annual Golf Classic which will be held on Friday, August 3, 2012, at Francis A. Gross Golf Course (2201 St. Anthony Parkway).

Put your golf team together now – and be aware that you do not need to be a member of the Chamber to participate - all are welcome! We always seem to be blessed with exquisite weather and this proves to be a fun day for all!

If you would like your company's name in front of golfers that day, we have sponsorship opportunities open. Sponsors will receive signage at a designated hole, publicity in marketing materials, recognition and a link on the Chamber website, and the opportunity to have a representative present at your assigned hole. For further information on the Annual Golf Classic or to become a sponsor, please contact Golf Classic Board Chair Luke Juhl at 651-403-3189 or [lejuhl@live.com](mailto:lejuhl@live.com)

And as always, I would like to remind you that the Chamber of Commerce meets for lunch on the third Tuesday of every month. Our meetings include updates on chamber & city activities and an interesting presentation from a guest speaker. The meetings are held at various Chamber member locations in St. Anthony Village. These lunch meetings are fun, informative and you do not have to be a chamber member to attend.

For further information on Chamber meetings and membership, contact Kelly Salseg at [info@saintanthonychamber.org](mailto:info@saintanthonychamber.org) and become a frequent visitor of our web site at [www.saintanthonychamber.org](http://www.saintanthonychamber.org), which is updated monthly. Wishing you an enjoyable and safe summer and we hope to see you at the Annual Golf Classic on Friday, August 3!

Regards ~
