

# Village NOTES

*"A village in the city"*

## A Note from the Mayor.....

In August I came across a poem that I read at a council meeting. I found it to be very apropos to our community so I am sharing it with you:

***A Poem by Ella Wheeler Wilcox***

*There are just two kinds of people on earth today,  
Just two kinds of people, no more, I say.  
Not the good and the bad, for 'tis well understood  
That the good are half-bad and the bad are half-good.  
No! The two kinds of people on earth I mean  
Are the people who lift and the people who lean.*

Now when I think of the efforts in St. Anthony, I can readily see the "lifters". The community spirit exhibited for VillageFest to continue the event under vastly different circumstances and challenges demonstrated the true desire to preserve that celebration of St. Anthony. Our thanks to all those individuals who persevered as they are "lifters".

The Silver Lake Road reconstruction is another example of residents wanting their city to be better than when they found it and they can see beyond the inconveniences and envision the long term improvement – these are "lifters" as it causes personal discomfort.

The Garbage Task Force is underway and researching the collection of trash and recyclables within the city. This is no easy undertaking and requires tenacity and fortitude to ascertain actuality. No small endeavor for a group of volunteers who's only goal is to make their city better. Thank you for volunteering to be "lifters".

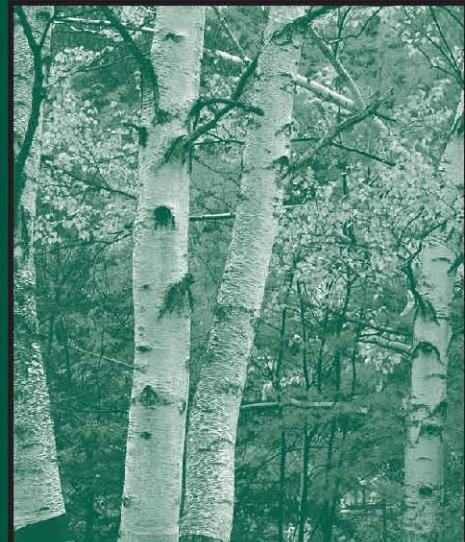

I would point out that the City staff has embarked on two programs that are of importance to all Villagers. The "Adopt A Bench" program has new benches installed for walkers and established a process in which benches can be place throughout the city. Additionally the Water Reuse project by the tennis courts is a ground breaking venture that will be emulated by cities, watersheds and counties throughout the State if not the country. All this through grants and creative collaboration of governmental agencies, those are not leaners they are "lifters".

And lastly, I would like to remind residents of the upcoming elections, certainly I highly encourage you to fulfill your citizens' obligation by voting, but I would remind you of the entire dedicated cadre of citizens who make voting possible. Without election judges we would not be assured of orderly, honest and fair elections. We are the envy of most countries in the world. Those of you who make it happen are: integrity "lifters".

I would invite us all to ask ourselves the question "Did I lift more this past year or lean more?" Let us all vow to lift more; even though I am buoyed by the fact that the residents of St. Anthony are truly in the class of heavy "Lifters". We thank you all for your dedicated work!

I wish you all a joyous Thanksgiving and happy holiday season.

My best regards,  
Jerry Faust

*fall 2008*

*Our mission is to be a progressive and livable community, a walkable village, which is safe and secure.*

## ***ONLY A FEW MONTHS REMAIN IN THE 2008 CONSTRUCTION SEASON!***

Numerous engineering projects are currently underway in St. Anthony Village and as temperatures cool off, construction is heating up. The following is an update of the current construction activities throughout the City:

### **Water Meter Replacement Program and I & I Inspections**

The majority of automated water meter installations and inspections have been completed throughout the City. Final notice has been given to the contractor and commercial users requiring meters to be installed within 60 days of which approximately 30 days remain.

### **Silver Lake Road Reconstruction**

Silver Lake Road from 30th Avenue to Hilldale Avenue has been paved, and by the time this newsletter reaches you, pavement will be completed as far north as the firestation. Crews have completed installation of utilities and have begun grading the final roadway. The roadway north of the firestation to 37th Avenue is anticipated to be paved in October with sidewalk, sod and other restoration continuing into November.

### **Stormwater Runoff and Filter Backwash Water Reuse**

#### **Facility**

The construction of the 500,000 gallon underground storage tank has begun. Construction is currently on schedule for completion of the underground storage tank by October. Interior mechanical work and modifications to the Central Park irrigation system will take place in November. This new stormwater reuse facility will be completely operational for irrigation of Central Park in 2009.

### **2009 Street Reconstruction Project**

City Council has accepted the Feasibility Report and authorized the preparation of plans for the reconstruction of Chandler Drive from 37th Avenue to Foss Road and Foss Road from Chandler Drive to the City limits. A Public Informational meeting was held on September 2, 2008 at which residents expressed their concerns with the existing roadway and offered valuable information which will be taken into consideration during the design of the new roadway. The City Council is anticipated to receive the final plans and authorize the project to be bid this fall.

## ELECTION INFORMATION

On November 4, 2008, voters will be going to the polls for the Presidential General Election.

The Ballot will consist of the following:

President/Vice President  
 U.S. Senator  
 U.S. Representative  
 Soil and Water Conservation District Supervisor (District 1, 3, 5)  
 State Representative (Hennepin 54A, Ramsey 50A)  
 State Supreme Court Justice  
 State Court of Appeals  
 District Court Judges (District 2 and District 4)  
 Constitutional Amendment - "Clean Water Legacy Program" for  
 more information check out page 10 of this newsletter  
 County Commissioner - Ramsey County

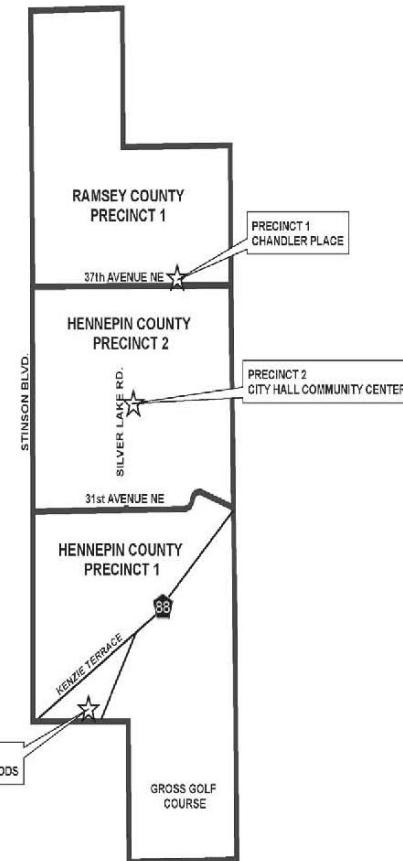

On Election Day polling places will be open from 7 a.m. to 8 p.m.

Voters are encouraged to vote during the morning hours.

### Precinct Locations

HENNEPIN COUNTY	
<u>Precinct 1</u> Autumn Woods 2600 Kenzie Terrace	<u>Precinct 2</u> St. Anthony City Hall 3301 Silver Lake Road

**RAMSEY COUNTY**  
Precinct 1  
 Chandler Place  
 3701 Chandler Drive

If you have any questions regarding polling places, please contact the City Clerk at 612-782-3313

### Register to Vote

New residents are encouraged to save time at the polling place by pre-registering to vote. Pre-registration must be completed at least 20 days before an upcoming election. For the general election, it is **October 14**. St. Anthony residents can complete an interactive application on the city's website at [www.ci.saint-anthony.mn.us](http://www.ci.saint-anthony.mn.us). After completion, residents can drop the application in the city's night drop box. Applications are also available at City Hall.

### Absentee Voting Q & A

#### Q. I won't be able to vote in my home precinct on Election Day. What can I do?

You may vote by absentee ballot if you are going to be absent from the precinct on election, you have an illness or disability that prevents you from going to the polling place, religious discipline or observance prohibits your attendance at the polling place, or you are an election judge in another precinct.

#### Q. How do I obtain an absentee ballot?

Absentee ballots will be available for the General Election on **October 3, 2008**. Voters needing to vote by absentee can download an application from the city's website or come to City Hall to fill out an application. Apply early so you will have time to receive the ballot and mail it back before election day. City offices will be open on **November 1** from 10 a.m. to 3 p.m. and on **November 3** until 5:00 p.m. for absentee voting.

## HOUSING CODE CORNER

**DID YOU KNOW.....**The storage of refuse and recyclable collection items may not be kept in the front yard. On trash pick-up day, please remember to remove your trash can and recycling bin from the curb and return it to the garage or some place out of site from the road.

**DID YOU KNOW.....**Parking in any residential district must be done on a surface paved with asphalt or bituminous material, concrete, cement, brick, or other paved surface. Please remember parking vehicles on the grass is not allowed in the City of St. Anthony.

**DID YOU KNOW.....**Any vehicle without a current state registration must be parked in a garage or other building. If a vehicle has expired tabs, either renew them or move the vehicle into the garage.

**DID YOU KNOW.....**The owner and occupant of property adjacent to a public sidewalk must use due diligence to keep the walk safe for pedestrians. All ice and snow must be removed within 12 hours after it has deposited.

**DID YOU KNOW.....**Before residents can have a recreational fire you must first call the St. Anthony Fire Department. You will receive a copy of the rules and review them with a member of the Fire Department. The fire department may prohibit any or all recreational fires when atmospheric conditions or local circumstances make such fires hazardous. Call 612.782-3400.

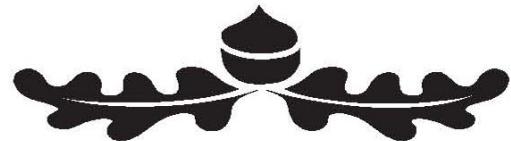

Please remember these ordinances have been put in place to keep St. Anthony clean, safe, and healthy. If you have a housing code question or would like to report a possible violation, please contact Rick Lundeen at 612-782-3438. For your convenience, the City Code is also available online at [www.ci.saint-anthony.mn.us](http://www.ci.saint-anthony.mn.us)

## ST. ANTHONY WATER REUSE FACILITY

The City is constructing a Water Reuse Facility at the northeast corner of 33rd Avenue NE and Silver Lake Road. This innovative project will capture stormwater runoff from Silver Lake Road and water that is a by product of the City's water treatment plant process in a 500,000 gallon underground tank and 235,000 gallon pond. Captured water will be recycled and used to irrigate Central Park and City Hall property. This project will reduce the potable water used for irrigation by more than 3 million gallons annually.

The facility provides a multitude of benefits. One benefit will be a substantial reduction in the volume of stormwater runoff and pollutants discharged to Rice Creek and the Mississippi River. This reduction in pollutants will contribute toward improving the water quality of Rice Creek and the Mississippi River, and help offset runoff volumes that have historically increased due to urban development. In addition, the project will protect the City's drinking water supply by reducing groundwater consumption, provide alternative uses for stormwater and water treatment plant byproducts, and provide education opportunities to water resource professionals and the public.

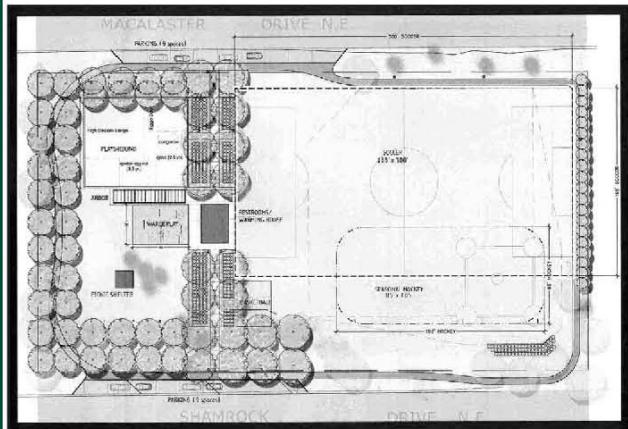

Several organizations have contributed funding to make this project possible including the Mississippi Watershed Management Organization, Rice Creek Watershed District, the City of St. Anthony, and Hennepin County. For further information regarding this project, please contact Todd Hubmer, St. Anthony City Engineer, at 763-287-7182.

### EMERALD PARK OPEN HOUSE

There will be an open house for the proposed reconstruction of Emerald Park on Monday, October 27, 2008, from 7:00 p.m. to 8:30 p.m. in the Council Chambers.

All residents are encouraged to stop by to see the plans for the redesigned park. If you have any questions contact city hall at 612-782-3301.

## CITY COMMISSION SEAT OPPORTUNITIES

The City of St. Anthony will have two seats available on the Planning Commission beginning January 1, 2009. The Planning Commission is a paid per month governing body, which makes recommendations to the City Council on planning issues such as variances, conditional use requests, zoning issues, etc. The Commission meets on the third Tuesday of every month at 7 p.m. at St. Anthony City Hall. Applications are being accepted until November 21, 2008.

The Parks Commission has one seat available. This is a volunteer group which advises the City Council regarding the promotion of the systematic, comprehensive, and effective development of park facilities necessary for the overall health and well being of city residents of all ages. The Parks Commission meets quarterly on the second Monday at 7:00 p.m. at St. Anthony City Hall. Applications are being accepted until November 21, 2008.

If you are interested in becoming a member of either commission, please send a letter of interest and your resume to:

City Manager  
3301 Silver Lake Road  
St. Anthony, MN 55418

or submit your information by email to:  
[mmornson@ci.saint-anthony.mn.us](mailto:mmornson@ci.saint-anthony.mn.us)

## SISTER CITY ANNUAL MEETING

The St. Anthony Sister City Association invites all residents of St. Anthony to join them Sunday, December 7 for their annual meeting and Finnish Holiday Party at City Hall, 3301 Silver Lake Rd. The Annual Meeting will be at 6:30 p.m. followed by the festivities at 7:00 p.m. The festivities include:

- \* Celebrating the Finnish "Pikkujoulu".
- \* Learning about St. Anthony's 23 Year relationship with the residents of Salo, Finland.
- \* Meeting members of the Sister City Association and enjoy traditional Finnish holiday treats and refreshments.

Marianne Wargelin, Honorary Consul of Finland will be on hand to speak about the significance of December 6, Finnish Independence Day.

## seasonal spotlights

### FALL YARD WASTE DISPOSAL

Ramsey County's compost sites will be open through November 30, weather permitting. The sites accept tree waste, shrub waste, leaves and grass clippings.

Hours of Operations are:  
M, W, F 11 a.m. - 7 p.m.  
Sa 9 a.m. - 5 p.m.  
Su 11 a.m. - 5 p.m.

If you have any questions, please contact city hall at 612-782-3301.

### WATER AND SEWER EMERGENCIES

If you have a water or sewer emergency, contact city hall immediately at 782-3301 during normal business hours. For after hours service contact the fire department at 782-3400. City crews will be dispatched to assess the situation and assist the property owner. Remember, the property owner is responsible for maintaining water or sanitary sewer service from their building up to and including the connection to the main water or sewer lines.

### REPORT STREET LIGHT OUTAGES

If you notice a street light out within the City, you can call Xcel Energy at (800) 960-6235.

Having residents report non-functioning street lights helps St. Anthony stay out of the dark!

### HYDRANT FLUSHING

Fire Hydrant flushing occurred on October 1 and October 2 between 12:00 a.m. and 7:00 a.m. to minimize inconvenience to residents. Flushing of the city hydrants is done for the following three reasons:

- (1) to make sure that hydrants are in good working condition;
- (2) to flush out sediment and rust deposits that accumulate in the water systems; and
- (3) to evaluate water pressures through out the City.

Thank you for your cooperation a during this process.

### GOING AWAY THIS WINTER?

Plan to be away for an extended period of time this winter? Before leaving, contact the utility billing department at 612-782-3318 and the St. Anthony Police Department at 612-782-3350.

### ADOPT A FIRE HYDRANT

The Fire Department would appreciate residents' help in keeping the snow cleared away from pathways and fire hydrants. The accumulation of excess snow blocks the view of responding fire apparatus's to fire hydrant locations. Precious time is wasted when firefighters have to look for and uncover fire hydrants. Please help by occasionally shoveling around the fire hydrants, keeping them accessible in case of a fire.

## SEASONAL EMPLOYEES

The City of St. Anthony has been very fortunate over the years to have a staff of very conscientious and loyal seasonal employees to assist our Parks and Public Works Department during the summer months. This is when our maintenance needs are at their peak.

Thank you to the following seasonal employees who assisted us in those departments this past summer:

Nathan Fischer  
Kristofer Goemer  
Eric Peterson  
Michael Thul

## RECYCLE YOUR RAIN WATER

Rain barrels are now available at Hennepin County's Household Hazardous Waste Drop-off Facility in Brooklyn Park. The County is offering these rain barrels to Hennepin County residents for only \$62. This is the final opportunity to buy a rain barrel; they will not be sold after 2008!

The rain barrel is placed under a roof downspout to collect rain water runoff and store it for watering your lawn and gardens. Rain barrels are good for the environment because they collect the storm water that runs off from the roof, reducing the amount of drinking water used on gardens and watering grass.

Barrels are available for purchase, \$62 per barrel, (cash or check only) on Wednesdays, Thursdays, or Fridays during regular business hours while supplies last. Again, they are available only to Hennepin County residents on a first come, first served basis. Limit one barrel per household.

**Remember  
to set your  
clocks back  
on November  
1st at 2:30  
a.m.**

## WINTER PARKING REMINDER

Residents are not allowed to park on **ANY** city street for a period of 48 hours, beginning immediately after two (2) inches or more of continuous snow fall or until the snow removal has been completed curb to curb.

This ordinance was changed in 2008 and is subject to a sunset date of July 1, 2009. If you have any comments or concerns regarding this ordinance, please contact Kim Moore-Sykes at 612-782-3312.

## ABOUT SNOW PLOWING

The City's snow plowing crews' number one priority is to clear snow away to make the streets safe for traffic and emergency vehicles. Sometimes the crews' schedule for plowing does not coincide with residents' snow shoveling schedules. Please keep in mind the crews do not intentionally plow windrows of snow back onto freshly shoveled driveways or sidewalks.

Also, it is dangerous for children to dig tunnels in these windrows created by the snowplows. Tunnels can cave in, smothering the children. Plow drivers also cannot see children playing in or around the windrow. Children can be covered and trapped by these snow plow windrows.

Other ways to assist with snow removal operations include:

- \* Do not place refuse or recycling containers in the street;
- \* Do not plow, blow or shovel snow into the street;
- \* When shoveling, pile snow downstream of the plowing operation to minimize snow left in your driveway from the plow;
- \* Stay back when driving behind plow trucks.

With your cooperation, we can be more efficient and have the roads cleared in very little time. Call Jay Hartman, Public Works Director at 612-782-3314 with questions on our snowplowing procedures. Thank you for your understanding regarding these issues.

## ST. ANTHONY FIRE DEPARTMENT PANCAKE BREAKFAST

The St. Anthony Fire Department held their annual pancake breakfast on October 4th at Applebee's.

## RECREATIONAL FIRES

The St. Anthony Fire Department is responsible for issuing the Recreational Fire Permits in the City. Residents wanting to have a recreational fire must first receive a copy of the rules and review them with a member of the St. Anthony Fire Department.

Procedures for having a recreational fire.

- 1) Resident must call the Fire Department, 782-3400 and obtain a verbal permit.
- 2) The fire department will document the residents address, phone number, last name and hours the fire will be held.

The fire department may prohibit any or all recreational fires when atmospheric conditions or local circumstances make such fires hazardous.

The following are rules related to recreational fires:

- \* Recreational fires are allowed for food preparation;
- \* Must be limited to three (3) foot in diameter and a three (3) foot high flame.
- \* Only unpainted and untreated wood or charcoal may be burned.
- \* Smoke must not extend beyond the property line.
- \* A garden hose or adequate fire extinguisher must be on site.
- \* Responsible adult must be on site until the fire is extinguished.
- \* Fire must be extinguished before leaving the site.
- \* Fire shall never be left unattended.
- \* Ashes and coals should not be allowed to smolder.
- \* Fire should be in an adequate fire ring, raised fire pit, or other approved containment system.

If you have any questions regarding recreational fires, contact the St. Anthony Fire Department at 612-782-3400 or you can obtain information from our website.

## CALL 9 - 1 - 1

If you see any suspicious activity happening.

### police and fire

police after hours emergency

## Home Heating Safety Tips

Heating fires have been the leading cause of fires in Minnesota for the last several years. Nearly all of the death, injury, and dollar loss could have been prevented with proper understanding and safe use of heating equipment. Safety should be your first consideration when heating your home. Here are some fireplace safety tips to remember:

If purchasing a fireplace, select one that is listed by a testing laboratory and have it installed according to manufacturers' recommendations and local codes.

\* Chimneys need to be inspected by a professional sweep prior to the start of each heating season and periodically throughout the year.

\* Chimneys need to be cleaned if there is a buildup of creosote. Creosote is a chemical substance that forms when wood burns, builds up on the chimney wall, and is highly combustible.

\* Fireplace screens should be firmly in place when burning fires.

\* Burn only clean, well-seasoned, dry

If you have any questions, please contact the fire department at 612-782-3400.

## GREENING YOUR CELEBRATION

From Thanksgiving to New Year's Day, household waste increases by more than 25 percent. Added food waste, packaging, wrapping paper and decorations – it adds nearly one million tons a week to the nation's garbage piles. It's time to think about changing the way we celebrate during the holidays and throughout the year so that we can enjoy a cleaner environment.

recycling

Here are some suggestions to green your celebrations and deal with the additional waste produced during the holidays:

- Give gifts that conserve natural resources. Give an experience, like tickets to a concert, instead of an item. Look for greener gifts, such as reusable cloth napkins or a gift basket of non-toxic household cleaners.
- Buy LED lights. Holiday lights can add up to \$50 to your November and December bill. Invest in LED lights. They use significantly less energy than standard holiday lights. While they cost more up front, LED lights pay for themselves in just one season of reduced energy bills.
- Party planning. Send invites via e-mail, use reusable tableware, practice portion control, and have clearly marked recycling containers available.
- Be creative with gift wrapping. Reuse old wrapping paper from last year's celebrations, posters, maps, pages from coloring books, comics from the newspaper or even scarves as an alternative to gift wrap. Use reusable gift bags and pre-decorated gift boxes. Save packing peanuts, bubble wrap, boxes, bows and ribbons to use year after year.
- Recycle more. Recycle gift boxes, electronics boxes, paper gift tags and holiday cards with no foil.
- Dispose of electronics properly. Visit Hennepin County drop-off facilities in Bloomington and Brooklyn Park to get rid of televisions, computers, etc. You can also drop off electronics at any Best Buy Store.
- Recycle your tree. For curbside pickup, call your waste-collection company to see if it picks up trees for composting. Most waste haulers offer tree pickup one to three weeks after the holidays for a fee.
- Holiday cards? You can recycle most styles. Don't recycle the photos or cards and envelopes with foil.

*Use your imagination!*

Before you throw anything away, ask yourself:

- \* Could it be fixed or repaired?
- \* Could someone else use it?
- \* Could it be recycled?
- \* Would it have to be disposed of as a household hazardous waste?

It's time to think about changing the way we celebrate during the holidays and throughout the year, so that we can celebrate a cleaner environment.

**National Night Out 2008**

The residents of St. Anthony came out in record setting numbers this year for National Night Out. There were a total of 44 events in the City. This shows continued support for our crime prevention efforts within St. Anthony. These parties were visited by city officials and the St. Anthony Fire and Police Departments. Thank you to all who participated in this year's event.

A BIG thank you goes out to Cub Foods for their continued support of this event. The St. Anthony Cub donated ice cream to all who hosted a gathering on National Night Out. The St. Anthony Police Department thanks you for your continued support in this great community event!

**SAINT ANTHONY VILLAGE HISTORICAL SOCIETY ANNUAL MEETING**

The St. Anthony Village Historical Society will hold its annual meeting on October 27, 2008 at 6:00 pm at Culver's Restaurant. The program will include Joan Brainerd, author and Tom Heller, publisher of the North Oaks City History. A short business meeting to follow. If interested in joining us to hear about Ms. Brainerd's experiences in compiling and writing about the early history of North Oaks and the surrounding area, please mark your calendars. You need to also RSVP with Kim Moore-Sykes, Assistant City Manager 612-782-3312.
