2013 Election Information

Sustainability Fair

City Commission Seats Information

Community Bulletin Board

### *Note from the Mayor*

Dear Residents,

I was thinking what makes a person a visionary? What do we envision for ourselves as a person, life career or a member of humanity? A lot of times people talk about vision or visionaries but most of us are hard pressed to explain our vision at a moment's notice. So it is instructive for us to contemplate this from time to time concentrating our thoughts concerning these issues.

Too many times public discussion only reiterates how we got to this point, but few can visualize what the best path forward is. A prominent example may be national or international public policy positions. We all have opinions and most of us can see the first step but only a few see beyond the here and now.

My brother and I were having lunch recently and he said that he would periodically meet with a professor, whom thought years out and levels above anyone he had ever met. He hoped that the professor got something out of their time together as he gained a great deal. I opined that the professor did because he could see and hear his ideas applied to my brother's business and the results validated his theories.

It is the easiest task to go from point A to B, but how many times do we consider points C, D and beyond?! That is not to say we should ignore a current problem, nevertheless address that predicament with eye to the future. In life too many things are generated without the thought of maintaining or sustaining that project, process, profession or whatever. That is not looking beyond point B. Do we always get it right - certainly not, but we have a better chance of success with a longer view than not.

A visible example of this is our road reconstruction process which will take 30+/- years with conclusion in about 2023. We will have built in good times and not so good times but we never lost focus of the purpose: and that was to provide serviceable roads, reliable sewers and clean water to our residents. If we only looked to point B we would only complete the roads, water or sewer lines that needed immediate attention rather than follow a vision of sound long range proactive planning. This is not to say that we have not or will not deviate from a plan or process as required, but we never lose sight of the goal. We will not react in a knee jerk fashion in our approach to any issues but will always look at the needs beyond the immediate tensions keeping in mind the overall impacts for the long term well being of our community.

Another example is the latest school survey; it shows the community's commitment to learning even though the majority of residents do not have children in the educational system. We value education for its enduring potential to society and are looking well beyond point B. I feel fortunate to live in a city such as St. Anthony where residents place their reliance in the long term approach, going beyond the obvious. That tells me we are invested in the community and want our future here as long as possible. This is gratifying and inspiring to our vision as a vibrant and successful St. Anthony Village. Thank you for being visionary.

My best regards,  
Jerry Faust

2013 St. Anthony Village Voter's Guide  
MUNICIPAL GENERAL ELECTION - TUESDAY, NOVEMBER 5, 2013  
Voting hours are 7 a.m. to 8 p.m.

### Registering to Vote

Pre-registration must be completed by October 15th. Voter registration applications are available on our website at [www.ci.saint-anthony.mn.us](http://www.ci.saint-anthony.mn.us) or at City Hall.

### CANDIDATE'S

#### City Council

Jan Jenson  
Randy Stille

#### SANB School Board

Barry Kinsey  
Laura Oksnevad  
Leah Slye

If you miss the pre-registration deadline, you can still register on Election Day. You need to bring proper identification including a Minnesota driver's license that shows your current address. If you have recently moved and your address has not been changed on your driver's license, you can correct it at a Department of Motor Vehicle (DMV) office or bring along a utility bill that shows a due date 30 days prior or after Election Day. Utility bills include:

- \* gas
- \* electric
- \* water
- \* sewer
- \* garbage
- \* cable television
- \* phone (cell or land line)

### Absentee Voting

Residents who can't vote in person on election day can vote by absentee ballot. Applications are available on our website, [www.ci.saint-anthony.mn.us](http://www.ci.saint-anthony.mn.us) at City Hall or call 612-782-3313 to have one mailed. Complete the application, return it to City Hall, and the ballot will be mailed to you.

Office hours for absentee voting are Monday - Friday 8:00 a.m. to 4:30 p.m. Extended absentee voting hours for the election are Saturday, November 2<sup>nd</sup> from 10:00 a.m. to 3:00 p.m. and on Monday, November 4<sup>th</sup> from 8:00 a.m. to 5:00 p.m. If you have any questions regarding the upcoming Election, contact the City Clerk at 612-782-3313.

### What's New for 2013?

Hennepin County precincts will have new Precinct Ballot Scanner tabulators in the precincts. The first thing voters will notice is the large screen and the compact design of the tabulators. The tabulators have digital scanning capabilities versus the old tabulators that had optical scan technology.

In addition to the new precinct tabulators in Hennepin County, St. Anthony is participating in an ePoll Book Pilot Study. The ePoll books will be used in all three polling places and will assist the election judges with the voter check in process as well as election day registrations.

The ePoll Book Pilot study was part of the Omnibus Election bill that was passed during the 2013 Legislative session. There are six cities within three counties participating in the study project. After the November 2013 election, the participating cities and counties will create a report and this will be presented to the ePoll Book Task Force by January 31, 2014.

Pictured above:  
Precinct Ballot tabulators

## Virtual City Hall by Mark Casey, City Manager

The City of St. Anthony Village strives to serve all residents, but people's busy schedules sometimes make it difficult to get to City Hall while our office is open. Therefore, we are beginning the process of creating a "Virtual" City Hall that will be accessible 365 days a year, 24 hours a day, through our website at [www.ci.saint-anthony.mn.us](http://www.ci.saint-anthony.mn.us)

Nearly all city forms are currently available for download on the Forms Online tab on the City's website. Once we have completed incorporating our new Laserfiche software technology, residents will be able to complete and submit forms directly online. In addition, we are also investing in web-based Geographic Information Systems (GIS) and building permit software that will enhance your ability to easily process permits and track improvement projects.

We need to hear from you! Please tell us what types of information and services you need when City Hall is closed by emailing your thoughts & suggestions to [city@ci.saint-anthony.mn.us](mailto:city@ci.saint-anthony.mn.us) Although we will continue to have staff answering phones and greeting visitors, we hope our "Virtual" City Hall will make life a little easier for you.

## MEETINGS AND EVENTS

### October

8 - City Council meeting  
12 - Fire Department Open House  
14 - Holiday - Columbus Day  
22 - City Council meeting  
28 - Planning Commission meeting

### November

2 - Absentee Voting  
5 - Municipal Election  
11 - Holiday - Veteran's Day  
12 - City Council meeting  
14 - Forum for the Future  
25 - Planning Commission meeting  
26 - City Council meeting  
28-29 Holiday - Thanksgiving

### December

9 - Parks Commission Meeting  
10 - City Council meeting  
23 - Planning Commission meeting  
25 - Holiday - Christmas Day

### January

1 - Holiday - New Year's Day

For more information, log on to the city website keyword: **EVENTS**

## Why Do We Plan?

by Kelsey Johnson, City Planner

Planning for land use and the future development/redevelopment is an important activity for local governments. "Planning" is the word we use to describe how a community shapes and guides growth and development. It is an expression of the community's vision for the future and a strategic map to reach that vision. Effective planning ensures that future development will occur where, when, and how the community and local government wants. There are several important benefits to the entire community that result from the planning process including, but not limited to:

- Quality of life is maintained and improved;
- There is a vision, clearly stated and shared by all that describes the future of the community;
- Private property rights are protected;
- Economic development is encouraged and supported;
- There is more certainty about where development will occur, what it will be like, when it will happen, and how the costs of development will be met.

While there is no universally accepted method for developing a plan for the future of our city, the planning process can be described as the response to these three questions:

1. What do you have now?
2. What do you want in the future?
3. How will we get it?

Have ideas you'd like to share? Feel free to contact the City's Planner at [planner@ci.saint-anthony.mn.us](mailto:planner@ci.saint-anthony.mn.us) or 763-287-8521.

## St. Anthony Village Wine and Spirits and Social Media

by Mike Larson, Operations Manager,  
St. Anthony Village Wine and Spirits

The moment you enter one of the two Saint Anthony Village liquor stores, you immediately notice that this is not a typical liquor store. The stores are bright, clean, employ a friendly staff to assist you with your purchase, and carry a large selection of products to choose from. The employees of the liquor stores strive to keep the customer's experience an enjoyable one. Our stores often host product tastings to showcase the many new products that are brought into the stores on a regular basis.

Social Media has become an important part of keeping our customers shopping experience enjoyable. Our web page, Facebook and Twitter inform our customers of tasting events, sales, coupons, and other money saving opportunities.

Did you know our updated web page can link you to our email club? Visit us on our web site at:

**[www.stanthonyvillagewineandspirits.com](http://www.stanthonyvillagewineandspirits.com)**. From our home page click on "E-Mail Club", enter your email address and click on "submit". Announcements of special events, new promotions and money saving coupons will be emailed directly to you.

Customers can also "like" us on Facebook at **"St. Anthony Village Wine and Spirits"** and receive announcements of new items, sales and coupons, and limited quantity, special sale priced items.

Twitter is relatively new to our stores, and we continue to explore opportunities to provide instant information to our customers that follow us on Twitter. Also, all of our Facebook postings are automatically "tweeted" out. Customers can follow us on Twitter at **@stanthonyliquor**.

With the fall season brings cooler weather and exciting events at the liquor stores. Our annual Fall Wine and Beer events are right around the corner! The dates were not determined at the time of this publication so make sure to sign up for our email club on our web site, or "like" us on Facebook, or follow our tweets @stanthonyliquor, and receive invitations to our events!

Thank you for allowing us the opportunity to serve you!

## 2014 Proposed Budget

by Shelly Rueckert, Finance Director

Through months of public hearings, workshops and staff meetings, the 2014 preliminary budget and levy was approved in September. The expenses are budgeted at amounts that will maintain present levels of City services. The revenues are budgeted using current trends for variable revenue sources and conservative estimates for stable revenue sources.

City revenues will include Local Government Aid (LGA) in 2014 for the first time in many years. The City has been certified to receive \$442,967 in Local Government Aid. This is a result of recent changes to the formula used by the State to compute Cities and Counties LGA benefits along with additional funding provided to the program. The impact of LGA on the City of St. Anthony was to lower the overall proposed levy increase from 6.9% to 3.8%. The General Fund portion of the overall levy will not increase in 2014. The portion of the overall levy associated with Road Improvement Levy will increase by \$199,396. The increase is attributable to the 2013 Road Improvement bonds debt service requirements and prior road debt restructuring for long term interest savings. The LGA received by the City was directed as follows in the budget proposed:

- 37% for resources for unmet capital needs and utility funds
- 25.5% for property tax relief by negating the impact of annual wage adjustments, health insurance premium increases, police /fire pensions and increasing energy costs
- 24.5% for addressing costs related to severance obligation and areas of liability risks
- 10% for additional property tax relief by supplementing anticipated decreases in police state aid and general fund revenues.
- 3% for slowing the growth of the Road Improvement Levy

The City's 2014 Budget and Levy will be presented in December for final approval and adoption.

## St. Anthony Fire Department: Frequently Asked Questions by Mark Sitarz, SAFD

*I have a combination smoke/carbon monoxide detector. How do I know when it is the smoke detector part of the alarm going off?*

A smoke alarm is equipped with a requirement to “beep” three times with a short pause between each beep and then a slightly longer pause before the next three beeps. A CO alarm is equipped with a requirement to “beep” four times with a short pause between each beep and then a slightly longer pause before the next four beeps.

*What are common causes of carbon monoxide in my home?*

CO is produced anytime a fuel is burned. Potential sources include gas or oil furnaces, water heaters, space heaters, clothes dryers, barbecue grills, fireplaces, wood-burning stoves, gas ovens, generators, and car exhaust fumes.

*When I call 911 where is the operator I am speaking with located?*

When you are speaking with a 911 dispatcher that person is located in Golden Valley. We use Hennepin County Sheriff to dispatch Fire and Police services in our city. There is a new operations center being built in Plymouth and dispatch operations will move there in 2014. Last year, the Sheriff’s office handled over 600,000 calls for the communities it services in the Metro.

*I heard that the city requires a permit to have recreational fires. Is this true and is there a fee to get one?*

The city does require a recreational fire permit if you want to have campfires at your residence. The permits are given out by the fire department and they are good for 5 years. Rental properties require a signature from the property owner and those are renewable on an annual basis. There is NOT a fee for a recreational fire permit. Stop by the fire station, fill out an application, and walk out with your permit.

*Does the Fire department teach CPR to the residents?*

The Fire department does host free “CPR Anytime” classes for our residents and anybody interested in learning basic CPR. The class is 30 minutes long and covers basic CPR skills, choking relief and AED awareness. These are done once a month at the fire station. Call (612) 782-3400 to find out when the next class is and to register.

*Does the Fire department dispose of old fire extinguishers or can I just throw it in the garbage?*

You can throw your old extinguishers in the garbage as long as they are emptied first.

*What is the most common cause of fires?*

Cooking is and has been the leading cause of fires for some time. Careless smoking is the number one cause of fatal fires.

*Will the Fire department come to my apartment building and do a fire safety presentation?*

The Fire department will come to your building and do a presentation. Depending on the number of attendees, your building, may be an excellent location for us to present. We can present at the fire station; however, if you would like a more building focused presentation, we can certainly come to you.

### Fire Department Open House

- Informational Booths
- Hands-on exhibits
- Tour the Fire Station
- Try on the Gear
- Obstacle Course
- Hot Dogs, Smores and Lemonade
- Fire Prevention Bags for the Kids

Station is located at :

3505 Silver Lake Rd.

Parking is available in the Central Park parking lot south of the fire station.

**Saturday  
October 12th  
1pm—4pm**

**612 782 3400**

### FREE CABLE TV

As part of our franchise license with Comcast, they provide free public access channels to anyone who requests "Universal Service". Installation is free and there is no monthly fee. Contact Comcast at 651-222-3333.

Follow us on Twitter  
#CityofStAnthony

### SNOWBIRDS

Before leaving town, contact the St. Anthony Police Department at 612-782-3350 and the Utility Billing Department at 612-782-3318.

### ADOPT A FIRE HYDRANT

The St. Anthony Fire Department appreciates residents who help keep the snow cleared away from pathways and fire hydrants. Accumulation of excess snow can block the view of responding fire personnel to fire hydrant locations. Precious time is lost when firefighters have to look for and uncover fire hydrants. Occasionally, shoveling around the fire hydrants keeps them accessible for firefighters in case of a fire. Thank you for your assistance in making St. Anthony safer.

## City Commission Opportunities

The City of St. Anthony is seeking applicants for the Parks and Planning Commission. The **Parks Commission** will have two seats available beginning January 1, 2014. This is a volunteer group which advises the City Council on promotion of the systematic, comprehensive, and effective development of park facilities. This commission meets on the second Monday of each quarter at 7 pm at the Community Center.

The **Planning Commission** will have two seats available beginning January 1, 2014. This is a paid per month governing body which makes recommendations to the City Council on planning issues such as variances, conditional use requests, zoning issues, etc. This commission meets on the fourth Monday of every month at 7 pm at the Community Center.

If you are interested in becoming a member of the Parks or Planning Commission, you can complete a Commission Application form that is available on our website at [www.ci.saint-anthony.mn.us](http://www.ci.saint-anthony.mn.us) or you can pick one up at City Hall. Please return the completed application form to:

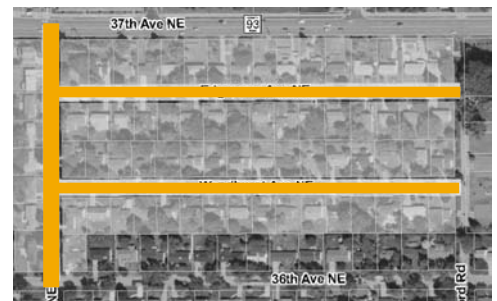

City Clerk  
City of St. Anthony  
3301 Silver Lake Road  
St. Anthony, MN 55418

or email it to: [barb.suciu@ci.saint-anthony.mn.us](mailto:barb.suciu@ci.saint-anthony.mn.us) The deadline for submitting an application is November 15, 2013.

## 2014 Street & Utility Improvement Project

The proposed 2014 Street and Utility Improvement Project consists of reconstructing the following roadways:

- Edgemere Avenue from Penrod Lane to Chelmsford Road
- Wendhurst Avenue from Penrod Lane to Chelmsford Road
- Penrod Lane from 36th Ave. NE to 37th Ave. NE (Co. Rd. 93)

The project will replace the sanitary sewer, water main, fire hydrants, water service valves, and add some additional storm sewer and catch basins. Neighborhood meetings will be held this fall to discuss the project and answer any questions you may have.

## Winter Parking and Snow Plowing

by Jay Hartman, Public Works Director

During the winter, the number one priority of the Public Works department is to clear the snow and make St. Anthony's streets safe for traffic and emergency vehicles. Here are a few reminders to assist resident in achieving this goal:

Residents are NOT allowed to park on ANY street for a period of 48 hours, beginning immediately after two (2) inches or more of continuous snow fall or until the snow removal has been completed from curb to curb.

The City understands that sometimes the schedule for snow removal doesn't correlate with residents' snow shoveling schedules. The snow plow drivers do their best to avoid pushing windrows of snow back onto freshly shoveled driveways or sidewalks.

Remember, it is dangerous for children to dig tunnels in the windrows of snow created by the snow plows. Tunnels can cave in, smothering the child. Plow drivers can't see children playing in or around the windrows and they can be covered or trapped in the snow.

Other ways to assist with snow removal operations include:

- \* Don't place refuse or recycling containers in the street; and
- \* Don't plow, blow or shovel snow into the street; and
- \* When shoveling, pile snow downstream of the plowing operations to minimize snow left in your driveway; and
- \* Stay back when driving behind plow trucks.

With your cooperation, snow removal can be more efficient and roads cleared in very little time. If you have any questions regarding our snow plowing procedures, contact Jay Hartman, Public Works Director at 612-782-3314 or by email [jay.hartman@ci.saint-anthony.mn.us](mailto:jay.hartman@ci.saint-anthony.mn.us). We appreciate your cooperation during snow plowing events.

## WATER & SEWER EMERGENCIES

If you have a water or sewer emergency, contact City Hall immediately at 612-782-3301 during normal business hours. After business hours, contact the Fire department at 612-782-3400. City crews will be dispatched to evaluate the situation and assist the property owner. Remember, the property owner is responsible for maintaining water or sanitary sewer service from their building up to and including the connection to the main water and sewer lines.

### REMEMBER:

Set your clocks back Sunday,  
November 3<sup>rd</sup> at 2 a.m.

## For ALL St. Anthony Residents..... RAMSEY COUNTY YARD WASTE

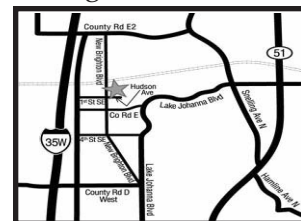

Ramsey County compost sites are open through November 30th. The Arden Hills site is located on Hudson Avenue east of New Brighton Road. The hours of operation are as follows:

M - W - F 11 a.m. to 7 p.m.  
Saturday 9 a.m. to 5 p.m.  
Sunday 11 a.m. to 5 p.m.

The Arden Hills site accepts the following items:

- all parts of trees and shrubs
- other soft bodied plants
- leaves
- brush
- clipping

(The site does not accept tree stumps)

**All St. Anthony residents** are eligible to use the Arden Hills site. Be sure to bring identification with you when going to the compost site. For more information regarding yard waste disposal, call 651-633-3279 or go to our web-site, keyword: **YARD WASTE**

## DID YOU KNOW.....

that 40 percent of the households in  
St. Anthony are without a mortgage.

## Internet Safety for Older Adults BY SERGEANT JEFF SPIESS

The internet has changed our world for the good in many ways. We are able to stay in closer touch with family and friends, shopping can be done without leaving home, news is easily attained and is nearly instantaneous, and many forms of entertainment are at our fingertips. But, as is true with many things, the internet can be used in a negative manner and scam artists are taking advantage of many who are not careful.

One common target for internet scam artists is the older population, who may be less experienced in their use of the internet. There are many tricks that criminals employ to take advantage of unsuspecting patrons of the online world, too many to discuss in this article. But with a few safety tips in mind, use of the internet can be made much safer:

- 1) Attend a basic computer class. There are many offered through various community education programs that will provide invaluable information along with hands on practice to keep you safe online.
- 2) Make sure your computer protection software is up to date. A computer “firewall” and anti-virus software are essential to staying safe. The firewall acts to guard your computer from dangerous entries via the internet. A good “anti-virus” program is also important for detecting malicious programs that maybe imbedded in other incoming files.
- 3) Be on the lookout for scam artists. These people are everywhere online including popular sites such as auction sites, craigslist, online dating services, and email.

A good rule to combat such online undesirables is to never give out personal information or send money unless the website’s legitimacy can be verified. This can be done by ensuring that the business is well known, has a good track record, and that your contact with the company was initiated by you. Some scam artists have emailed unsuspecting victims pretending to be from a reputable bank or business. A fictitious website is created to mirror that of the business, with which they use to solicit personal information for exploitation.

Another common trick, the lottery scam, can be initiated over the phone or email. The scam artist notifies the victim that they have won a large sum of money through a foreign lottery and need shipping and handling funds wired before the winnings can be delivered. It is very common for the scam artists to insist that funds are sent via Western Union, so as to make the transaction less traceable. As a rule, Western Union transactions with individuals not known to you should be avoided.

Scam artist may also send an email posing as a relative in an emergency and in need of money. For example, an email is sent from your “grandson” stating that he is stranded in a foreign country and desperately needs money to get home. He asks you not to notify his parents, as not to alarm them. He wants the money sent via Western Union to him immediately. These types of emails are called “phishing schemes” and are sent out in mass with the hopes that a few of the recipients will send money.

While this is certainly not an exhaustive list of all the internet scams you may encounter, it should serve as a good reminder of some of the ways online crooks look to take advantage of unsuspecting online users. Remember, if an offer is too good to be true, it probably is. It is always a good idea to ask a friend or family member for help if you are suspicious about some online dealings. And if you are the victim of an online crime, please report it to your local law enforcement agency.

**If you see any  
suspicious  
activity happening....  
CALL 911**

**Police: 612-782-3350  
during business hours**

**Police 763-525-6220  
after hours**

**Fire 612-782-3400  
(non emergency)**

## Sustainability Intern

Meet our new Sustainability intern Nicole Nissen-Hooper. Nicole is a Senior at the University of Minnesota and is majoring in Sustainability and Complex Systems.

As a student at the U of M, Nicole participated in the 2012 Sustainability Forums that St. Anthony held in conjunction with the Cities of Falcon Heights and Lauderdale.

Nicole will be working on various “sustainable” projects throughout her tenure with St. Anthony. You can contact Nicole by email at [nicole.nissen-hooper@ci.saint-anthony.mn.us](mailto:nicole.nissen-hooper@ci.saint-anthony.mn.us) or at 612-782-3340. Welcome Nicole!

## Stormdrains by MWMO

Fire hydrants and stormdrains have a lot in common. Both are public amenities that homeowners help take care of for the public good.

Fire hydrants need to be kept free of snow in the winter so they are accessible to firefighters.

Stormdrains need to be kept free of debris (litter, leaves, sticks, etc.) so they can drain our public streets. During cold weather, clogged drains can create slippery hazards when water backs up on the street and then freezes.

Our streets are directly connected to our public waters. In the MWMO, whatever goes down the drain reaches the Mississippi River. Therefore, keeping debris out of the drains also keeps pollution out of our river.

So as you wind up this season's yardwork, look beyond the lawn's edge to make sure your storm drain is clean as a whistle.

## No Longer one of the RCWD's Best Kept Secrets

If you live in the Rice Creek Watershed District (RCWD) and are interested in doing your part to protect and clean local lakes and streams, this program is for you. The RCWD's cost-share grant program was created to help landowners implement Best Management Practices (BMPs) such as installing raingardens, stabilizing shorelines, restoring degraded wetlands and in some cases, installing pervious pavers, to improve water quality throughout the District. In fact, the RCWD provided cost-share dollars for 18 projects in 2012 and we are on track to surpass this number in 2013!

**How much?** Landowners may receive as much as \$5,000 and no more than 50% of the total project cost. Payment occurs once the project has been completed and approved.

In addition to being eligible for project funding, landowners can also request a site visit from their Conservation District representative to obtain project input and design plans. The RCWD will cover the cost of the visit so it is done at no charge to the landowner.

**How to apply?** Interested landowners must complete and submit an application outlining the details of their project. Applications are then reviewed by the RCWD's Citizen Advisory Council and approved by the Board of Managers.

For more information: please visit the RCWD's website at [www.ricecreek.org/grants](http://www.ricecreek.org/grants). To request a site visit today, please contact:

Rice Creek Watershed District  
Kyle Axtell, Water Resource Specialist  
Phone: (763) 398-3072  
Email: [kaxtell@ricecreek.org](mailto:kaxtell@ricecreek.org)

## VillageFest would like to thank its sponsors:

### MAJOR SPONSOR

Annona Gourmet, Clarus Dermatology, Culver's, Cub Foods, Fitness Crossroads, St. Anthony Mobil, Stinson Electric, and Tracy Printing

### BRONZE SPONSOR

Berger Transfer, Bremer Bank, Hilltop Trailer Sales, Jim & Joey Webb, Lillie Suburban Newspapers, Premier Waste, SA Chamber, SA Kiwanis, SA Lions, and St. Anthony Eye Clinic, and SOSA

### COPPER SPONSOR

Central Ave. Liquors, Diane & Jerry Faust, Forbes Dental Care, MN Timberwolves & Lynx, NE Dental Wellness, NE State Bank, Park Dental, Randy & Donna Stille, Tires Plus, Twin Cities Dental, and Village Orthodontics

### VILLAGEFEST SPONSOR

Annes Airport Sedan, Artist's Choice, Autumn Woods, Ehlers & Associates, 4Angels Creations, Grand Casino Mille Lacs, IBEW Local #160, Kathy Hanson Interiors, Local #49, Lowry Grove Partnership LLC, Murphy's Service, Pampered Chef, Ramada Plaza Mpls, SANB, SA Community Services, SA Basketball Boosters, SA Police Department, Steven Ray's Improv, Susan Tracy, The Jewelers, Tom & Bonnie Brever, Twin Cities Attorney's Inc, US Bank Properties, Village Gardeners, and Washburn McReavy.

### FRIENDS OF VILLAGEFEST

A Backward's Glance, A Bag Lady, Applebee's, Beisswenger's Hardware, Brave New Workshop, Brightwood Hills Golf Course, Catalina Restaurant, Central Car Wash, Champpps, Comedysportz, Corner Books, Crafty Planet, Diamond's Coffee Shoppe, Dinsmore Cleaners, Don & Kim Pavelka, Fat Nat's, Friends of the Library, Guthrie Theater, Healthwise Family Chiropractic, Hidden Treasures Thrift Store, Higgins Insurance Agency, Holiday, Illusion Theater, Julianne Hunter, Jungle Theatre, Lakeshore Players, Theatre, Lowry Avenue Barbers, Lucking Machine Shop, Megan & John McLeod, Mpls Institute of Art, New Brighton Eagles Aerie #3718, NB Family Service Center, Norm's Tire, Northeast Nutrition, Park Square Theatre, Pet Central Animal Hospital, Pletscher's Greenhouse, Raptor Center, Ready Meats, Smashburger, Sports Clip, Stages Theatre, Stanley's Northeast Bar Room, Stinson Automotive, Subway, Tasty Pizza, Tea Source, The Legacy, Todd & Denise Studer and Village Pub

VillageFest would also like to thank those that make this happen every year!

A special thanks to all our outgoing chairs over the years who we have neglected to thank and to our current chairs:

Barry Tedlund and Fitness Crossroads staff, Jim Webb, Laura Gallati, Band Boosters, Hal Gray, Stinson Electric & Dirk Schmitz, Jean Rarick, Thad Hunter, St. Anthony Shopping Center, Neil & Caroline Carlson, Jeff Fahrenholz, Monica Long, Todd & Denise Studer, Bill & Nancy Kukowski, Daryla Matthews and Lisa Wert.

And to all the other countless volunteers for helping - we thank you!

*Julianne Hunter.*

# COMMUNITY BULLETIN BOARD

## Chamber Chatter by Kelly Salseg

The St Anthony Village Area Chamber of Commerce held our 21st Annual Golf Classic at Francis Gross Golf Course on Friday, August 2nd in conjunction with VillageFest.

As in past years, our lucky streak with weather held and we were graced with a beautiful sunny day and mild temps. After golf, we held a picnic dinner at Central Park. The Chamber wishes to thank all of the golfers, sponsors, and donors for making this another successful year:

### THANK YOU TO OUR SPONSORS & DONORS

\*Affinity Plus Federal Credit Union \* Annona Gourmet  
\* Architect Mechanical, Inc. \* Berger Transfer & Storage  
\* Bremer Bank - St. Anthony \* Center Point Energy  
\* Chandler Place Assisted Living \* Culver's of St. Anthony  
\* Fitness Crossroads \* Foster & Brever \* Gross National Golf Course \* Lillie Suburban Newspapers  
\* Park Dental - Silver Lake Village \* St. Anthony Community Theater \* St. Anthony Mobil \* Tartan Park Golf \* Tim Utz \* WSB & Associates \* Walmart  
\* Washburn McReavy Funeral & Cremation Services

Watch for information to be coming out soon regarding our 3rd Annual Happy Hour & Adopt-A-Family Kick-Off Drive slated for October! Each year, the Chamber and our members partner with other St. Anthony civic groups to collect funds for the Adopt-A-Family program. The Adopt-A-Family program is designed to help St. Anthony families in need with holiday gifts and food purchases.

The St Anthony Village Area Chamber of Commerce reminds you to SHOP LOCAL and support those chamber businesses that support our community!

## Fall '13 Events

Citizens for Sustainability (CFS) participated in VillageFest for the first time to promote sustainability issues, events, and initiatives. Ten members participated, with 2 members managing the first-time collection and management of recyclable materials at Village Fest, a service we hope to continue.

### CFS Sustainability Forums: Saturdays, 3-5 p.m., SAVCC Council Chambers

- Oct. 12 Program -  
Helping People Change: A Transition Towns Approach -  
Jon Freise, sustainability organizer
- Nov. 16 Program -  
Follow-Up and Summary of Collaborative Sustainability Projects - Dave Wanberg, U of M, with reports from his sustainability class students and interns.
- Dec. 14 Program - To Be Announced

For more information regarding the Citizens for Sustainability group, contact Clif Ware at [warex001@umn.edu](mailto:warex001@umn.edu) or our website at [www.stanthonyvillage.wordpress.com](http://www.stanthonyvillage.wordpress.com)

## Another Successful Summer Concert Series Completed!

The Salo Park Summer Concert Series completed its 2013 series mid-August with over 400 in attendance on closing night! Community bands and orchestras, smaller ensembles, and duos, provided a variety of musical styles throughout the summer.

We would like to thank the sponsors who made these concerts possible:

- Law Offices of Foster & Brever
- The Village Pub
- The Landings Apartments at Silver Lake Village
- Fitness Crossroad
- The Chandler Place
- Park Dental Silver Lake
- Silver Lake Village Condo Association
- Residents of St. Anthony Village

Thanks to the City of St. Anthony for promoting the series and being available as a back-up venue and Nativity Lutheran Church for being available as back-up venues too.

See you at Salo Park again next summer!

Salo Park Committee  
Jan Fillmore (Chair), Jay Fillmore, Lennore Bevis, and Bettye & Clif Ware
