## **Memorandum**

**To:** *Mark Casey, City Manager*  
*Jay Hartman, Public Works Director*

**From:** *Erin Heydinger, WSB & Associates, Inc.*

**Date:** *March 1, 2017*

**Re:** *Weekly Update for Advanced Oxidation Water Treatment Plant*  
*WSB Project No. 2170-29*

---

The contractor is continuing to install and mount the Advanced Oxidation Process units in the new building along with the electrical work required. The heating, ventilation, and air conditioning are being installed, along with roof drains and other miscellaneous plumbing. The garage doors are in place and the contractor is working on finishes around the doors. The metal paneling on the exterior of the building is nearly finished.
