

Santa on the Fire Truck 2020 event

By Mark Sitarz, Fire Chief

This year, we will need to do things a little differently with Santa on the Fire Truck due to current COVID-19 restrictions.

We are in the process of finalizing details for the event. We are currently looking at the following dates for Santa to make his way around St. Anthony Village:

- Sunday, Dec. 13
- Monday, Dec. 14
- Wednesday, Dec. 16

If these dates change, we will notify the community.

In order to keep both the residents and the firefighters safe and distanced, we will be asking the community to place unwrapped toys at the curbside of their property. As a reminder, you can follow Santa via GPS to keep track of his whereabouts and when he is close to your house (link will be shared once available). This will provide enough time to place the toys, gift cards, or cash out in front of your home, just before Santa arrives.

Additional important information for this year's event:

- Firefighters will not be able to come up to your front door.
- You can make checks out to Toys for Tots or Nourish282.
- Gift cards are also accepted. Great examples include gift cards from Cub Foods, Target or Walmart.
- Gift drop-off is also available at the Fire Station, located at 3505 Silver Lake Road St. Anthony Village, 55418
