

2024 Street Improvement Project Construction Update #1

Current Events

The contract for the 2024 Street Improvement Project was awarded to North Valley, Inc. on April 23, 2024.

Future Events

The 2024 Construction Season is about to begin!

The Contractor is anticipated to begin removal of deficient concrete curb the week of June 17th and follow with curb replacement the week of June 24th. A more detailed phasing plan of where the Contractor will begin and end will be available once received from the Contractor.

Please note: The roadways will remain open to traffic throughout the project; however, parking along the roadway will be restricted to allow for the replacement of curb.

The above schedule is tentative and is subject to change due to weather or scheduling conflicts.

Lawn Irrigation and Pet Fences

If you have a lawn irrigation system or pet fence within the City right-of-way, please mark the location of the sprinkler heads before construction. This will allow the contractor to take precautionary measures to protect your irrigation system and pet fence or identify where to replace the system if it cannot be avoided.

Tips of the Week

- Please observe posted detour and warning signs.
- Slow down and watch for uneven surfaces.
- Stay alert! Watch for signs, equipment, and workers.
- Please remind children to stay away from the construction site, equipment, and stockpiles of materials.
- Access through the site may change throughout the day as construction progresses; your patience is appreciated.
