**Todd Hubmer**

City Engineer  
(763) 287-7182

**Jay Hartman**

Director of Public Works  
(612) 782-3314

- > Please observe posted detour and warning signs.
- > Please do not park vehicles on streets under construction.
- > Slow down and watch for uneven surfaces.
- > Stay alert! Watch for signs, equipment, and workers.
- > Please remind children to stay away from the construction site, equipment, and stockpiles of materials.
- > Access through the site may change throughout the day as construction progresses.

### Project Schedule Update

The Construction season is underway! The Contractor is anticipated to return to the project in May, depending on weather. The anticipated schedule is as follows:

1. The Contractor will be removing and replacing cracked concrete curb and driveway panels.
2. Settlement areas and areas where turf has not been fully established will be re-graded and/or re-seeded. Seeding is anticipated to be complete in late May/early June.
3. The final lift of asphalt pavement will be placed in early/mid June. The roads will be reduced to one lane during paving operations. Traffic will be allowed to travel on the new surface within a few hours after the pavement has been placed.

**Please be aware this schedule may change as a result of weather conditions or other activities beyond the Contractor's control.**

### Lawn Irrigation Systems

If you have a lawn irrigation system that was repaired during the street reconstruction project, please take a moment to confirm your system is working properly. Please notify Ben Perkey if additional repairs are necessary.

### Caring for your newly seeded lawn

**Please refrain from mowing your lawn shorter than 3.5-inches for at least one year following seed placement and continue to water your lawn at least 2-inches of water a week, especially during the months of June, July, and August.**

Enclosed is an informational pamphlet regarding to the maintenance and care of your newly seeded lawn.

### Questions?

If you have any questions or concerns, Ben Perkey is the quickest way to receive answers.

### Thank you for your patience

The project team will do its best to complete the project in a timely fashion and minimize disturbances to your property. Please be patient and if you have questions, call us!
